

FLIGHT WORKS FILE STORAGE

CIS 497 SENIOR PROJECT SPRING 2019

We are tasked by Innovators 365 Airbus to creating a database for Flight Works Education center that allows them to add, remove, modify, and search data provided by their contributors.

Clients

**Robin Fenton,
President,
Innovator 365 Airbus**

**Kellie Andrews,
Consultant,
Innovator 365 Airbus**

David McCarter III

The first Iron Man lead me to becoming a Computer Scientist. Aside from being cool and a billionaire, the way Tony Stark manipulates data from a portable screen and just *swipe* it into a hologram that he can control with his hands gave me all the motivation and inspiration I needed. My dream is to create an artificial intelligence that rivals J.A.R.V.I.S

Computer Science

I will be graduating with a degree in Computer Science and a minor in Mathematics. Some of my hobbies are playing basketball and video games. I'm a big Dragon Ball Z fan.

Kendrick Hillian

My interests are relaxing and doing breathing exercises to keep a calm mind. I very much enjoy playing Call of Duty and doing math computations. I plan to one day create an app that will hopefully make me very rich. Wish me luck.

**Computer Science
Mathematics**

I am a Computer Science major and a Mathematics/Studio Art minor. I plan on using my degree to support my many dreams. These include owning a personal zoo, jumping out of an airplane, and maintaining a fruit and vegetable garden. I enjoy books, videogames, and art.
