USA SOUTH DR

The mission of the University of South Alabama is to be to make a difference in the lives of those we serve through promoting discovery, health and learning. At South, we strive to achieve this mission through the establishment of, and adherence to, five institutional strategic priorities: student access and success, enhancement of research and graduate education, global engagement, excellence in healthcare, and community engagement. Everything we do at South, including management of our financial resources, is with these priorities in mind.

As the University continues to grow, it is through a sound financial position that our priorities can be accomplished. Despite the economic challenges of the past several years and the extraordinary financial pressures placed on the University by the COVID-19 pandemic crisis, the financial position of the University of South Alabama, as demonstrated in this financial report, remains strong. This financial strength allows us to continue to serve the citizens of the state of Alabama and beyond by providing top quality academic, research, healthcare and public service programs.

With a Fall 2020 enrollment of over 14,500, the academic profile of our students continues to improve and has never been stronger than it is right now. This continued improvement is a testament to the strength of our programs, the quality and dedication of our faculty and staff and the loyalty and spirit of our alumni. Similarly, USA Health continues its significant growth without sacrificing its dedication to the wellbeing of our patients.

This has been an unprecedented year in our country and university. The United States has come face to face with a public health crisis, social justice turmoil and financial upheaval, and, through it all, the University has attempted to remain steadfast to our mission to those we serve. Our faculty and staff have demonstrated a dedication to that mission and to being a part of the solution to these problems.

Through it all, campus life is constantly being enhanced and improved as evidenced by an ever-increasing demand for on-campus student housing. In 2020, the University opened a state of the art on-campus football stadium, Hancock Whitney Stadium. More than 200 diverse student clubs and organizations engage students in campus life. Student leadership development is a continued area of focus in all areas of student life at the University, and the Office of Multicultural Student Affairs actively engages students in conversation and activities that encourage dialog among all students. Our student-athletes continue to excel both on the field and in the classroom.

USA students also give back to the community. Hundreds participate in community-service activities throughout the year, such as the annual MLK Day of Service, which offers numerous opportunities to help.

This is an exciting time for the University of South Alabama. As we continue to strive to make South more vibrant, more involved and more global, I affirm to you that my focus and the focus of the entire University will be solidly fixed on these objectives and on our students.

Tony G. Waldrop, Ph.D.
President

The Board of Trustees is the governing body of the University. The Board serves in a role of accountability to the citizens of the State of Alabama for all matters of the University, including its financial resources. The Board consistently strives to help advance USA as a leader in education and health in the state of Alabama, the region and internationally.

The Board of Trustees is committed to enhancing the success of the University of South Alabama and ensuring that our strategic direction and priorities are a focus in the achievement of the University mission. This can only be accomplished through the shared responsibility of all of the University constituencies.

This year has been like no other! The challenges placed on the University by the current Pandemic Health Crisis have been unprecedented. Through it all, the University has persevered and continues to grow and advance its mission in a fiscally responsible manner. My colleagues on the Board, with President Waldrop, and the University's dedicated and outstanding leadership team, faculty and students will continue to work together in an effort to move USA forward.

We are the University of South Alabama. We are South!

Jimmy Shumock
Chair Pro Tempore, Board of Trustees
University of South Alabama

I am pleased to present this annual financial report for the University of South Alabama at and for the year ended September 30, 2020. I am confident that the accompanying financial statements fairly present the financial position and results of operations of the University including its Health System. It is the responsibility of University management to ensure that these financial statements, including management's discussion and analysis and the accompanying notes to the financial statements, are complete and fairly presented in accordance with U. S. generally accepted accounting principles.

The management of the University of South Alabama is responsible for the integrity and objectivity of the financial information presented in these statements. We believe that the University's system of internal accounting controls provides reasonable assurance that assets are protected and that all transactions and events are properly recorded. The Board of Trustees of the University, through the Audit Committee, monitors the financial and accounting operations of the University.

G. Scott Weldon
Vice President for Finance and Administration
University of South Alabama

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Management's Discussion and Analysis (Unaudited)
September 30, 2020 and 2019

Introduction

The following discussion presents an overview of the financial position and financial activities of the University of South Alabama (the University), including the University of South Alabama Health System (USA Health), a division of the University, at September 30, 2020 and 2019, and for the years then ended. This discussion has been prepared by University management and should be read in conjunction with the financial statements and notes thereto, which follow.

The basic financial statements of the University consist of the University and its component units. The financial position and results of operations of the component units either are blended with the University's financial position and results of operations or are discretely presented. The treatment of each component unit is governed by pronouncements issued by the Governmental Accounting Standards Board (GASB). As more fully described in note 1 to the basic financial statements, the University of South Alabama Professional Liability Trust Fund, the University of South Alabama General Liability Trust Fund and USA HealthCare Management, LLC are reported as blended component units. The University of South Alabama Foundation, the USA Research and Technology Corporation and the University of South Alabama Health Care Authority (HCA) are discretely presented. During fiscal year 2019 and 2020 several non-profit limited liability companies were formed, with the University as sole member, to manage the complex patient and insurance billings of USA Health.

Financial Highlights

At September 30, 2020 and 2019, the University had total assets and deferred outflows of \$1,610,872,000 and \$1,413,980,000, respectively; total liabilities and deferred inflows of \$1,394,594,000 and \$1,321,855,000, respectively; and net position of \$216,278,000 and \$92,125,000, respectively.

The University has experienced a significant growth in its health care operations over the past two years with increases in net patient service revenues of \$62,635,000, or 13%, between 2019 and 2020 and \$75,762,000, or 18%, between 2018 and 2019. The University also experienced significant growth in its cash and investment balances between 2019 and 2020, increasing by \$145,175,000, or 31% to \$609,822,000 at September 30, 2020. This increase is due largely to significant increases in hospital days, surgeries and other procedures throughout the health system and is driven by increases in the Health System's primary care physician referral base. This is a trend that management expects to continue in the immediate future.

An overview of each statement is presented herein along with financial analysis of the transactions impacting each statement. Where appropriate, comparative financial information is presented to assist in the understanding of this analysis.

Analysis of Financial Position and Results of Operations

Statements of Net Position

The statements of net position present the assets, deferred outflows, liabilities, deferred inflows and net position of the University at September 30, 2020 and 2019. Net position is displayed in three parts: net investment in capital assets, restricted and unrestricted. Restricted net position may be either expendable or nonexpendable and is the net position that is restricted by law or external donors. Unrestricted net position is generally designated by management for specific purposes, and is available for use by the University to meet current expenses for any purpose. The statements of net position, along with all of the University's basic

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Management's Discussion and Analysis (Unaudited)
September 30, 2020 and 2019

financial statements, are prepared under the economic resources measurement focus and the accrual basis of accounting, whereby revenues are recognized when earned and expenses are recognized when incurred by the University, regardless of when cash is exchanged.

Assets included in the statements of net position are classified as current or noncurrent. Current assets consist primarily of cash and cash equivalents, investments and net patient receivables. Of these amounts, cash and cash equivalents, investments and net patient receivables comprise approximately 67%, 10% and 13%, respectively, of current assets at September 30, 2020. Noncurrent assets consist primarily of restricted cash and cash equivalents, restricted investments and capital assets.

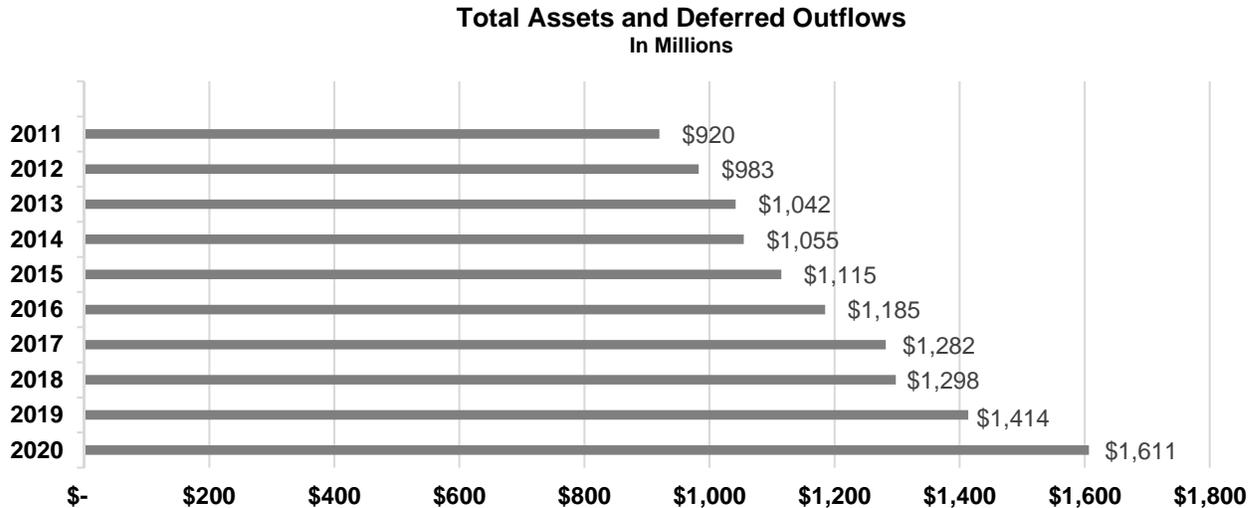

The condensed schedules of net position at September 30, 2020, 2019 and 2018 follow (in thousands):

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Management's Discussion and Analysis (Unaudited)
September 30, 2020 and 2019

Total assets and deferred outflows of the University as of September 30 is as follows:

Net position represents the residual interest in the University's assets and deferred outflows after liabilities and deferred inflows are deducted. Net position is classified into one of four categories:

Net investment in capital assets represents the University's capital assets less accumulated depreciation and outstanding principal balances of the debt attributable to the acquisition, construction, or improvement of those assets.

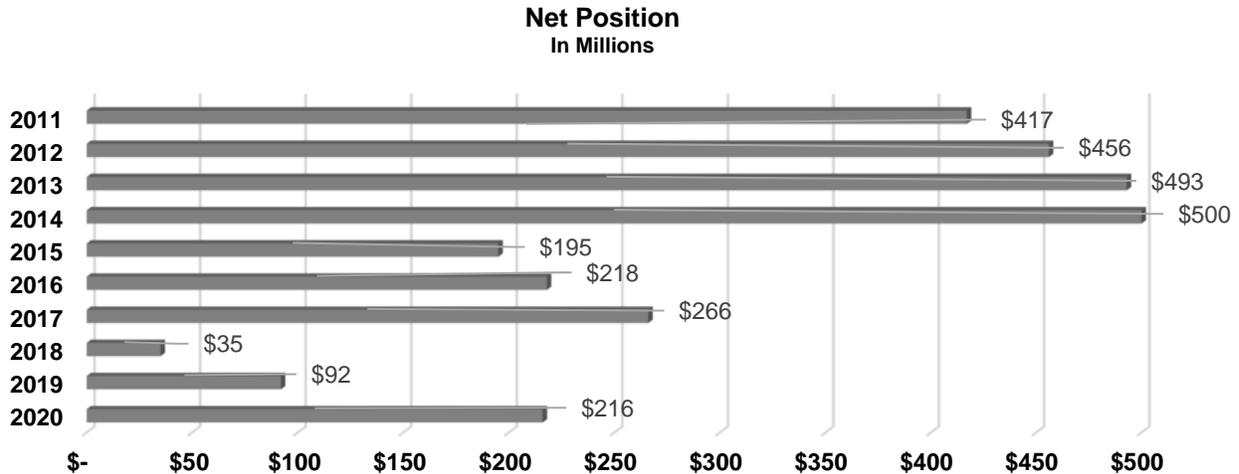

Restricted nonexpendable net position consists primarily of the University's permanent endowment funds. In accordance with the policies of the University, the earnings from these funds may be expended, but the corpus may not be expended and must remain intact with the University in perpetuity.

Restricted expendable net position is subject to externally imposed restrictions governing their use. The funds are restricted primarily for debt service, capital projects, student loans and scholarship purposes.

Unrestricted net position represents amounts not subject to externally imposed stipulations. Even though these funds are not legally restricted, the majority of the University's unrestricted net position has been internally designated for various projects, all supporting the mission of the University. Unrestricted net position includes funds for various academic and research programs, auxiliary operations (including student housing and dining services), student programs, capital projects and general operations. Also included in unrestricted net position at September 30, 2020 and 2019 is the impact of the net pension liability recorded pursuant to the requirements of GASB Statement No. 68 and the impact of the net OPEB liability recorded pursuant to the requirements of GASB Statement No. 75.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Management's Discussion and Analysis (Unaudited)
September 30, 2020 and 2019

Net position of the University as of September 30 is as follows:

All categories of restricted net position collectively increased by approximately \$18,018,000 between September 30, 2020 and 2019, primarily due to the addition of restricted gifts to the University and investment earnings on those gifts. Unrestricted net position increased from \$(390,948,000) to \$(307,859,000) between September 30, 2020 and 2019. A summary of unrestricted net position at September 30, 2020 and 2019 is summarized as follows (in thousands):

| | <u>2020</u> | <u>2019</u> |
|--|---------------------|------------------|
| Unrestricted net position related to net pension liability | \$ (291,297) | (295,765) |
| Unrestricted net position related to net OPEB liability | (234,739) | (254,530) |
| Unrestricted net position related to other activity | 218,177 | 159,347 |
| Unrestricted net position | <u>\$ (307,859)</u> | <u>(390,948)</u> |

Statements of Revenues, Expenses, and Changes in Net Position

Changes in total University net position are based on the activity presented in the statements of revenues, expenses, and changes in net position. The purpose of this statement is to present the changes in net position resulting from operating and nonoperating revenues earned by the University, and operating and nonoperating expenses incurred by the University, as well as any other revenues, expenses, gains, and losses earned or incurred by the University.

Generally, operating revenues have the characteristics of exchange transactions and are received or accrued for providing goods and services to the various customers and constituencies of the University. These include patient service revenues (net of provision for bad debts), tuition and fees (net of scholarship allowances), most noncapital grants and contracts, revenues from auxiliary activities and sales and services of educational

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Management's Discussion and Analysis (Unaudited)
September 30, 2020 and 2019

activities (primarily athletic activities). Operating expenses are those expenses paid or incurred to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the mission of the University.

Nonoperating revenues have the characteristics of nonexchange transactions because generally no goods or services are provided. Such transactions include investment income, state appropriations, gifts and other contributions. State appropriations are required by GASB to be classified as nonoperating revenues. Nonoperating expenses are those expenses required in the operation and administration of the University, but not directly incurred to acquire or produce the goods and services provided in return for operating revenues. Such nonoperating expenses include interest on the University's indebtedness, losses related to the disposition of capital assets, transfers to affiliates to fund operations and transfers to intergovernmental agencies related to medical expenditures.

The condensed schedules of revenues, expenses, and changes in net position for the years ended September 30, 2020, 2019 and 2018 follow (in thousands):

Approximately 55%, and 53% of total revenues of the University were net patient service revenues in 2020 and 2019, respectively. Excluding patient service revenues, tuition and fees charged to students represent the largest component of total University revenues, approximately 13%, and 15% of total revenues in 2020 and 2019, respectively. In both 2020 and 2019, state appropriations and grants and contracts (federal, state and private) represented approximately 16% of total revenues.

A summary of University revenues for the year ended September 30, 2020 is presented as follows:

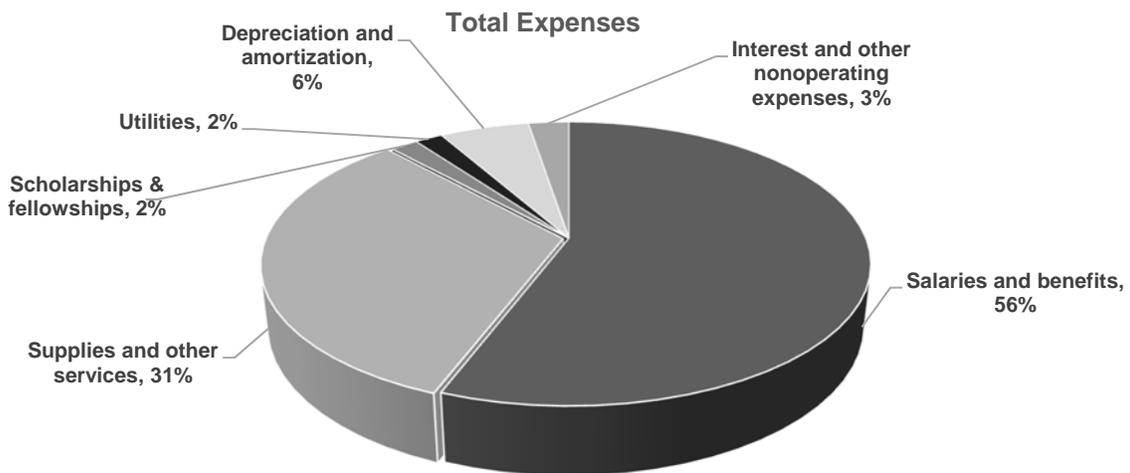

UNIVERSITY OF SOUTH ALABAMA
 (A Component Unit of the State of Alabama)
 Management's Discussion and Analysis (Unaudited)
 September 30, 2020 and 2019

Tuition revenues have generally increased in recent years. A decline in enrollment coupled with increases in tuition rates have caused tuition revenues to remain relatively flat. Tuition and fees, gross and net of scholarship allowances, for the past ten fiscal years are as follows:

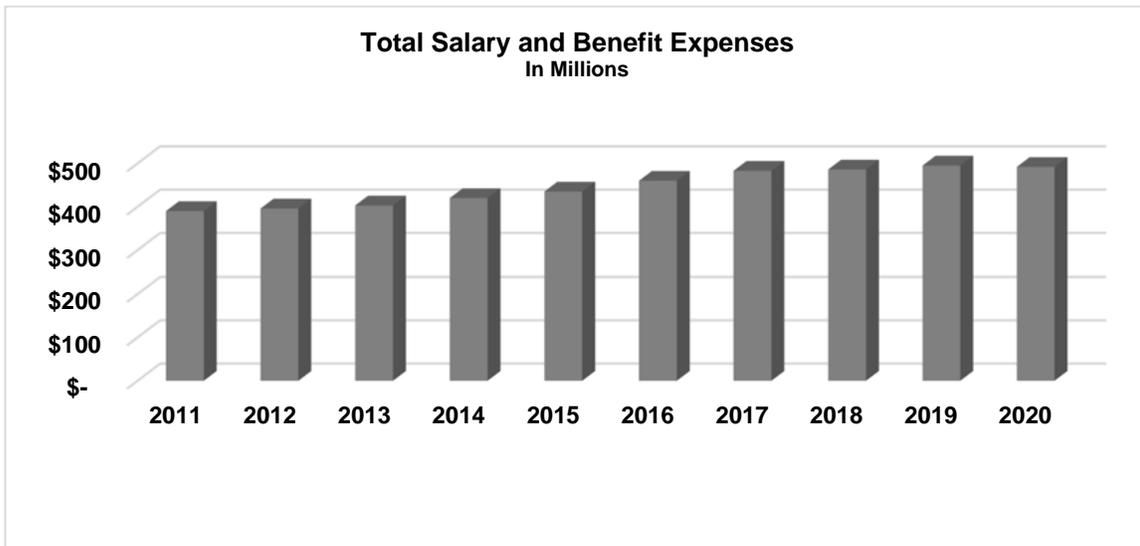

University expenses are presented using their natural expense classifications. A summary of University expenses for the year ended September 30, 2020 is presented as follows:

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Management's Discussion and Analysis (Unaudited)
September 30, 2020 and 2019

Functional classifications represent expenses categorized based on the function within the University. Such University functions include instruction, research, public service, academic support, student services, institutional support, operation and maintenance of plant and scholarships. Expenses related to auxiliary enterprise activities, USA Health and depreciation and amortization are presented separately. Functional expense information is presented in note 17 to the basic financial statements.

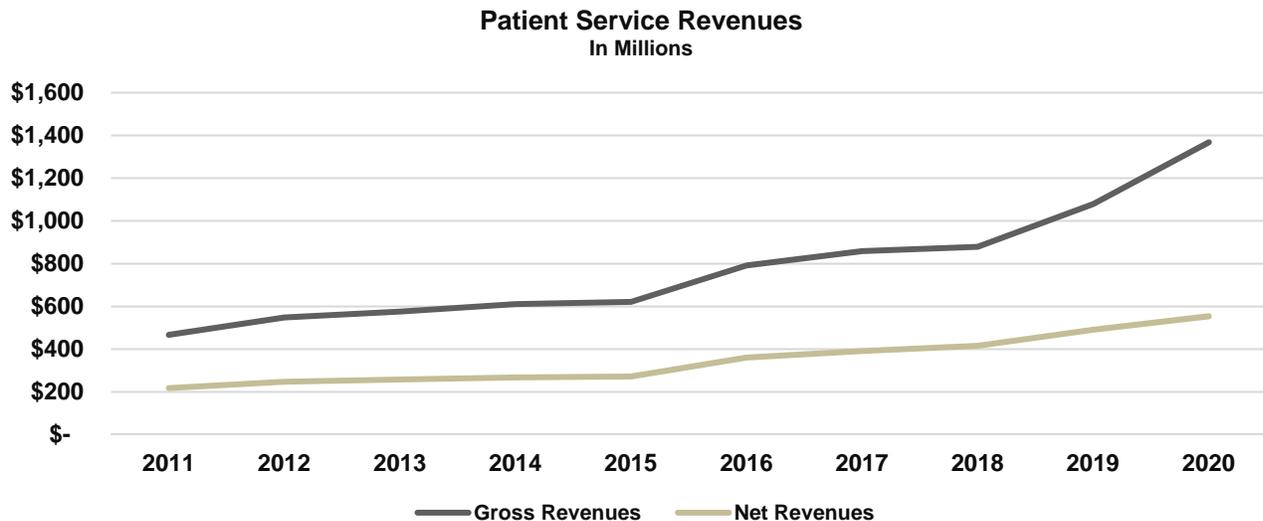

In 2020 and 2019, respectively, approximately 57% and 59% of the University's total operating expenses were salaries and benefits.

For the years ended September 30, 2020 and 2019, the University reported operating losses of approximately \$75,604,000 and \$112,190,000, respectively. Operating losses are offset partially by state appropriations, which, as mentioned earlier, are reported as nonoperating revenues. After considering all nonoperating revenues and expenses, the total change in net position was approximately \$124,153,000 and \$56,727,000 for the years ended September 30, 2020 and 2019, respectively.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Management's Discussion and Analysis (Unaudited)
September 30, 2020 and 2019

USA Health represents a significant portion of total University revenues. Operating patient service revenues, gross and net, for the last ten fiscal years are presented as follows:

Statements of Cash Flows

The statements of cash flows present information related to cash flows of the University. The statements present cash flows by category: operating activities, noncapital financing activities, capital and related financing activities and investing activities. The net cash provided to, or used by, the University is presented by category.

Capital Assets and Debt Administration

Total capital asset additions for the University were approximately \$110,120,000 and \$88,796,000 in 2020 and 2019, respectively. Significant construction projects that remain in progress at September 30, 2020 include University Commons Clinic, Freestanding Emergency Room, Supply Warehouse, Hancock Whitney Stadium, Jon Lieber Baseball Clubhouse, the Transportation building, and major upgrades of infrastructure on the University's main campus. Major projects completed and placed into service in fiscal year 2020 include the Medical Simulation Lab Building, Mitchell Center renovations and MacQueen Alumni Center. At September 30, 2020, the University had outstanding commitments of approximately \$14,513,000 for various capital projects. Additional information regarding the University's capital assets is included in note 5.

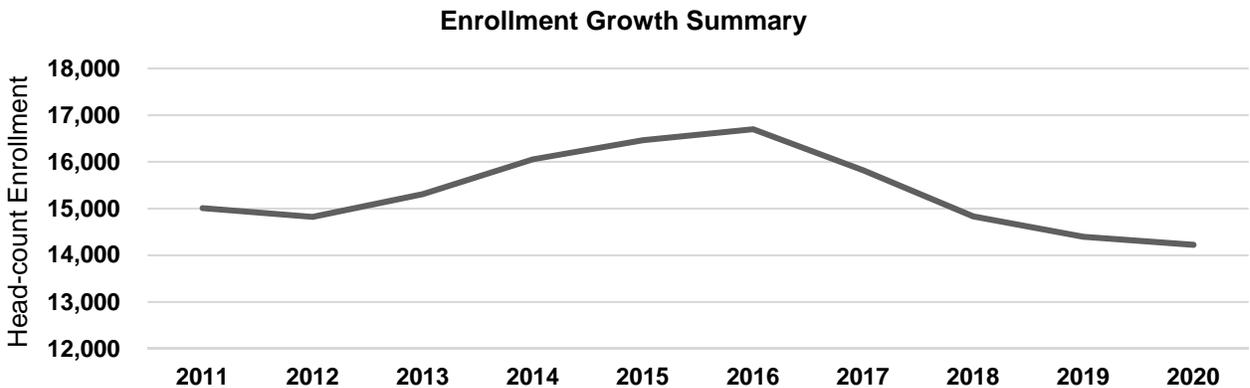

In February 2019, the University issued new revenue bonds, Series 2019AB, with a face value of \$66,190,000. The proceeds, along with internal contributions from the University, are financing the construction of Hancock Whitney Stadium and intramural fields. In December 2019, the University refinanced the Series 2010 Bond with the University Facilities Revenue Bond, Series 2019-C, with a face value of \$19,086,000. In February 2020, the University issued a new University Facilities Revenue Bond, Series 2020, with a face value of \$37,005,000. The proceeds, along with internal contributions from the University, are financing the transportation building, supply warehouse and certain USA Health facilities.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Management's Discussion and Analysis (Unaudited)
September 30, 2020 and 2019

The University's bond credit rating is A1 (Stable) as rated by Moody's Investors Service and A+ (Stable) as rated by Standard and Poor's Global Ratings. Neither rating changed during 2020 or 2019. Moody's Investors Service and Standard and Poor's Global Ratings affirmed their ratings in conjunction with their assessment of the Series 2019 and 2020 Bond issuances. Additional information regarding the University's debt is included in note 7.

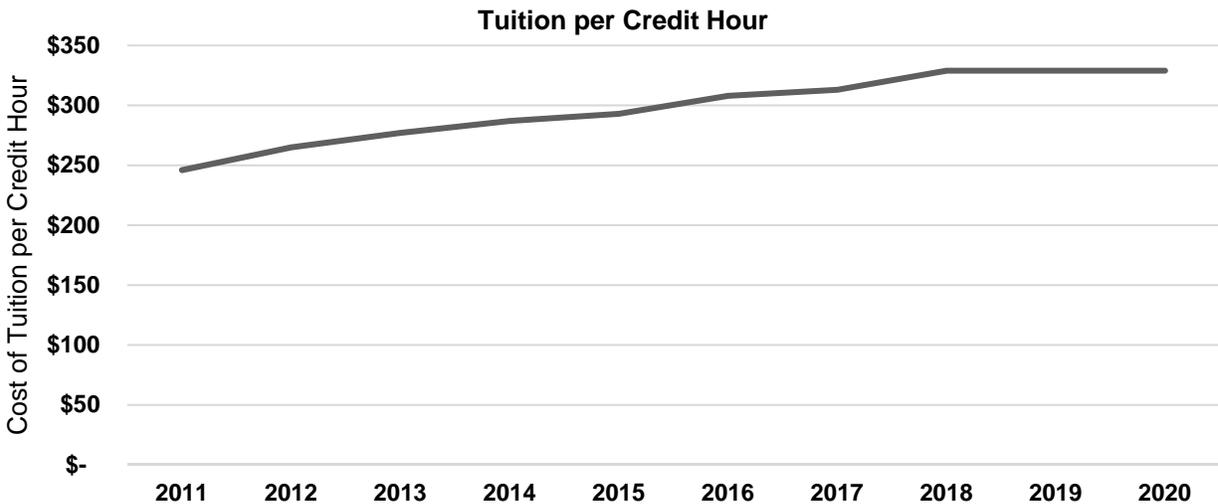

Economic Outlook

While, tuition and fee rates per credit hour have increased over the past ten years, there have been declines in enrollment since 2016. The University experienced a decline in enrollment of approximately 3% from Fall 2018 to Fall 2019 and an additional decline of 1% between Fall 2019 and Fall 2020, with declines primarily resulting from a decrease in international student enrollment and a decrease in the number of incoming freshmen. The enrollment trend for the University between 2011 and 2020 is as follows:

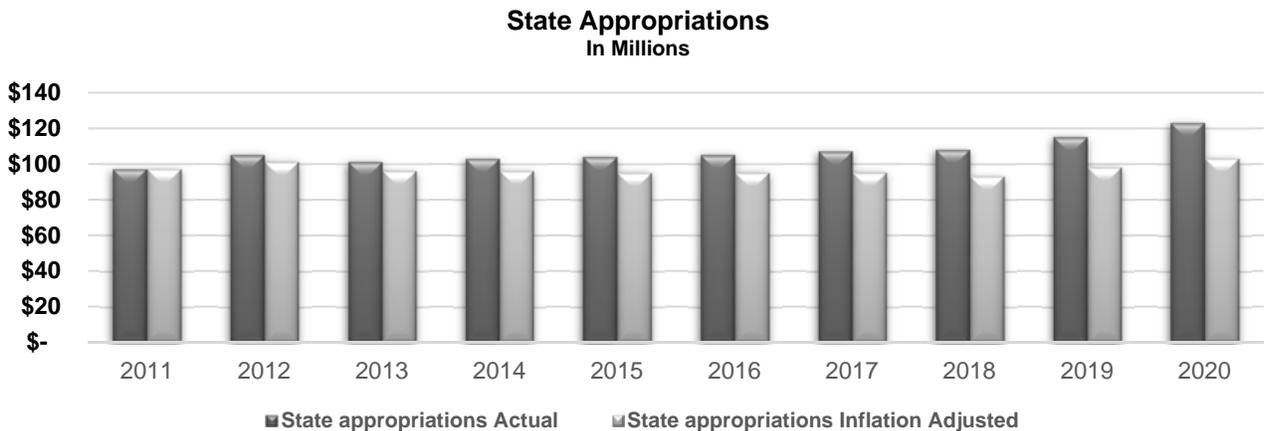

UNIVERSITY OF SOUTH ALABAMA
 (A Component Unit of the State of Alabama)
 Management's Discussion and Analysis (Unaudited)
 September 30, 2020 and 2019

During the same period, in-state tuition per credit hour has increased by approximately 34%. Similar increases have been experienced in out-of-state tuition and College of Medicine tuition. The trend of in-state tuition per credit hour between 2011 and 2020 is as follows:

A state appropriation in the amount of approximately \$118,299,000 and \$115,209,000 was authorized and received for the years ended September 30, 2020 and 2019, respectively. An additional appropriation of approximately \$4,764,000 was received during fiscal year 2020 for advancement and technology, and certain healthcare initiatives. A state appropriation in the amount of approximately \$121,564,000, representing an increase of approximately 2.76%, has been authorized for the year ending September 30, 2021. While no announcement has been made, the University is aware that reductions in the 2021 appropriation are possible.

The ten-year trend of state appropriations for the University is as follows:

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Management's Discussion and Analysis (Unaudited)
September 30, 2020 and 2019

In addition to state appropriations, the University is subject to declines in general economic and political conditions in the United States and, specifically, the State of Alabama. Weakening of the economy, as well as changes in federal and state funding policies, could potentially have a negative impact on the University's enrollment, extramural funding, endowment performance and health care operations.

During the second fiscal quarter of 2020, The United States was thrust into the midst of a pandemic health crisis related to the spread of the 2019 novel coronavirus, or COVID-19 (the "Crisis"). While the impact of the pandemic has been managed to date, the ultimate economic impact on the operations of the University could be significant both from an operational and financial standpoint.

As a result of the Crisis, the University moved the delivery of all instruction to an on-line format in March and required that students, where possible, vacate on-campus residence halls, resulting in a pro-rata refund of housing and dining fees. Additionally, all instruction for the May and summer terms was delivered online and residence halls remained largely closed. The University returned to modified in-person delivery of education for the fall semester and residence halls reopened at a lower capacity level. As noted earlier fall enrollment remained relatively constant.

This Crisis also impacted the operations of USA Health as most elective procedures at USA University Hospital and USA Children's and Women's Hospital were postponed or canceled resulting in a decline in revenues. As of the end of fiscal 2020, USA Health operations have returned to a normal level with minimum impact on the finances of USA Health.

Management has taken a number of actions to mitigate the anticipated declines in operations, including a reduction of operational expenses throughout the University, including USA Health. Additionally, the University has taken all necessary steps to ensure that the University takes full advantage of the Coronavirus Aid, Relief and Economic Security Act of 2020 (the "CARES Act"). As of September 30, 2020, the University has been awarded approximately \$31,437,000 in grants from federal and state sources. Of those grants, payments of approximately \$17,844,000 have been received as of year-end. Revenues of approximately \$14,919,000 have been recognized in the 2020 financial statements.

Management believes that the impact of the Crisis will continue in the 2021 fiscal year.

Other than the issues presented above, University administration is not aware of any other currently known facts, decisions, or conditions that are expected to have a significant effect on the University's financial position or results of operations during fiscal year 2021 or beyond.

Requests for Information

These basic financial statements are designed to provide a general overview of the University of South Alabama and its component units' financial activities and to demonstrate the University's accountability. Questions concerning any of the information provided in this report or requests for additional information should be addressed to G. Scott Weldon; Vice President for Finance and Administration; University of South Alabama Administration Building Room 170; Mobile, Alabama 36688. These basic financial statements can be obtained from our website at <http://www.southalabama.edu/departments/financialaffairs/businessoffice/statements.html>.

Independent Auditors' Report

The Board of Trustees
University of South Alabama:

Report on the Financial Statements

We have audited the accompanying financial statements of the University of South Alabama, a component unit of the State of Alabama, (the University) and its aggregate discretely presented component units, as of and for the years ended September 30, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We did not audit the 2020 financial statements of the University of South Alabama Foundation, which represent 93% and 99%, respectively, of the total assets and net assets or net position as of June 30, 2020 and 49% of revenues, gains and other support for the year then ended of the aggregate discretely presented component units. Nor did we audit the 2019 consolidated financial statements of the University of South Alabama Foundation, which represent 93% and 99%, respectively, of the total assets and net assets or net position as of June 30, 2019 and 49% of revenues, gains and other support for the year then ended of the aggregate discretely presented component units. Those statements were audited by other auditors whose report, which included an emphasis of matter paragraph related to the retroactive adoption of the provisions of Accounting Standards Update No. 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*, effective July 1, 2018, has been furnished to us, and our opinion, insofar as it relates to the amounts included for the University of South Alabama Foundation, is based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the University of South Alabama Foundation were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audits and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the University and its aggregate discretely presented component units as of September 30, 2020 and 2019, and the respective changes in financial position, and where applicable, cash flows thereof for the years then ended in accordance with U.S. generally accepted accounting principles.

Other Matters

U.S. generally accepted accounting principles require that the management's discussion and analysis on pages 1-12, the schedule of the University's proportionate share of the net pension liability and related ratios, schedule of the University's pension contributions, schedule of the University's proportionate share of the net OPEB liability and related ratios, and schedule of the University's OPEB contributions on pages 83 - 86 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 16, 2020, on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

(1) Summary of Significant Accounting Policies

(a) Reporting Entity

On May 3, 1963, the Governor of Alabama signed enabling legislation creating the University of South Alabama (the University). The accompanying basic financial statements present the financial position and activities of the University, which is a component unit of the State of Alabama. The financial statements of the University present the financial position, changes in financial position and, where applicable, cash flows of only that portion of the basic financial statements and the aggregate discretely presented component units of the State of Alabama that is attributable to the transactions of the University.

The financial reporting entity, as defined by Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, and amended by GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, and GASB Statement No. 80, *Blending Requirements for Certain Component Units*, consists of the primary government and all of its component units. Component units are legally separate organizations for which the primary government is financially accountable. In addition, the primary government may determine, through exercise of management's professional judgment, that the inclusion of an organization that does not meet the financial accountability criteria is necessary in order to prevent the reporting entity's financial statements from being misleading. In such instances, that organization is included as a component unit. Accordingly, the basic financial statements include the accounts of the University, as the primary government, and the accounts of the entities discussed below as component units.

GASB Statement No. 61 amended GASB Statements No. 14 and No. 39, and provides criteria for determining whether certain organizations should be reported as component units based on the nature and significance of their relationship with the primary government. Such criteria include the appointment of a voting majority of the board of the organization, the ability to impose the will of the primary government on the organization and the financial benefits/burden between the primary government and the potential component unit. The statement also clarifies reporting and disclosure requirements for those organizations. Based on these criteria as of September 30, 2020 and 2019, the University reports the University of South Alabama Foundation (USA Foundation), the USA Research and Technology Corporation (the Corporation) and the University of South Alabama Health Care Authority (HCA) as discretely presented component units.

The University is also affiliated with the South Alabama Medical Science Foundation (SAMSF), Gulf Coast TotalCare (Gulf Coast) and the University of South Alabama Foundation for Research and Commercialization (FRAC). These entities are considered component units of the University under the provisions of GASB Statements No. 14, 39, 61 and 80. However, these entities are not discretely presented in the accompanying financial statements as the University does not consider them significant enough to warrant inclusion in the University's reporting entity.

GASB requires the University, as the primary government, to include in its basic financial statements, as a blended component unit, organizations that, even though they are legally separate entities, meet certain requirements. Based on these requirements, the University reports the Professional Liability

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

Trust Fund (PLTF), General Liability Trust Fund (GLTF), USA HealthCare Management, LLC (HCM), USA Health Physician Billing Services, LLC, USA Health Hospital Billing Services, LLC, USA Health Anesthesia Billing Services, LLC and USA Health Reference Lab Billing Services, LLC as blended component units. All significant transactions among the University and its blended component units have been eliminated.

(b) Professional Liability and General Liability Trust Funds

The medical malpractice liability of the University is maintained and managed in its separate Professional Liability Trust Fund in which the University, HCM, SAMSF and HCA are the only participants. In accordance with the bylaws of the PLTF, the president of the University is responsible for appointing members of the PLTF policy committee. Additionally, the general liability of the University, HCM, SAMSF, the Corporation and HCA is maintained and managed in its General Liability Trust Fund for which the University is responsible. The PLTF and GLTF are separate legal entities, which are governed by the University Board of Trustees through the University president. As such, PLTF and GLTF are reported as blended component units (see note 18 for further discussion of, and disclosure for, these entities).

(c) USA HealthCare Management, LLC

In June 2010, the University's Board of Trustees approved the formation of USA HealthCare Management, LLC. HCM was organized for the purpose of managing and operating on behalf of, and as agent for, substantially all of the health care clinical enterprise of the University. The University is the sole member of HCM. HCM commenced operations in October 2010, and is reported as a blended component unit (see note 18 for further discussion of, and disclosure for, this entity).

(d) USA Health Billing Limited Liability Companies

In fiscal year 2019, the University formed the USA Health Physician Billing Services, LLC, USA Health Hospital Billing Services, LLC, USA Health Anesthesia Billing Services, LLC and USA Health Reference Lab Billing Services, LLC as not-for-profit limited liability companies, whereby the University is the sole member. These companies were created to assist with the complex patient and insurance billing of USA Health, a division of the University that includes two hospitals and a cancer treatment center.

(e) University of South Alabama Health Care Authority

In May 2017, the University's Board of Trustees approved the formation of the University of South Alabama Health Care Authority (HCA). The HCA is a public corporation created under and pursuant to the provisions of the State of Alabama University Authority Act of 2016. The HCA employs physicians and staff of certain physician practice groups as determined appropriate by the University. Operations commenced on August 1, 2017. HCA presents its financial statements in accordance with GASB. During fiscal year 2019, two not-for-profit limited liability companies were formed to manage the complex patient and insurance billings. The HCA is the sole member of these LLCs. As such, these entities are blended component units of the HCA. During fiscal year 2020, three additional not for profit limited liability companies were formed. There was no financial activity for these entities during fiscal year 2020. The HCA is a sole member of two of these limited liability companies and the majority owner of the third limited liability company. Since inception, HCA's operations have been partially

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

funded by the University, with total support amounting to \$10,478,000 during the year ended September 30, 2020 and \$9,394,000 during the year ended September 30, 2019. This support is reported in nonoperating expenses on the University's statements of revenues, expenses, and changes in net position. Due to the significance of the relationship between the University and HCA, the HCA is considered a component unit of the University. The accompanying statements of net position and statements of revenues, expenses, and changes in net position for HCA as of and for the years ended September 30, 2020 and 2019 are discretely presented.

(f) *University of South Alabama Foundation*

The University of South Alabama Foundation is a not-for-profit corporation that was organized for the purpose of promoting education, scientific research, and charitable purposes, and to assist in developing and advancing the University in furthering, improving, and expanding its properties, services, facilities, and activities. Because of the significance of the relationship between the University and the USA Foundation, the USA Foundation is considered a component unit of the University. The Board of Directors of the USA Foundation is not appointed or controlled by the University. The University receives distributions from the USA Foundation primarily for scholarship, faculty and other support. Total distributions received or accrued by the University for the years ended September 30, 2020 and 2019 were \$10,280,000 and \$9,755,000, respectively, and are included primarily in other nonoperating revenues and capital contributions and grants in the University's statements of revenues, expenses, and changes in net position. The USA Foundation presents its financial statements in accordance with standards issued by the Financial Accounting Standards Board (FASB). The USA Foundation is reported in separate financial statements because of the difference in the financial reporting format since the USA Foundation follows FASB rather than GASB pronouncements. The USA Foundation has a June 30 fiscal year end, which differs from the University's September 30 fiscal year end. In accordance with GASB Statement No. 14 and GASB Statement No. 61, this discretely presented unit has been included with the most recent fiscal year. The accompanying consolidated statements of financial position and consolidated statements of activities and changes in net assets for the USA Foundation as of and for the years ended June 30, 2020 and 2019 are discretely presented.

(g) *USA Research and Technology Corporation*

USA Research and Technology Corporation is a not-for-profit corporation that exists for the purpose of furthering the educational and scientific mission of the University by developing, attracting, and retaining technology and research industries in Alabama that will provide professional and career opportunities to the University's students and faculty. Because of the significance of the relationship between the University and the Corporation, the Corporation is considered a component unit of the University. The Corporation presents its financial statements in accordance with GASB. The accompanying statements of net position and statements of revenues, expenses, and changes in net position for the Corporation as of and for the years ended September 30, 2020 and 2019 are discretely presented.

(h) *Measurement Focus and Basis of Accounting*

For financial reporting purposes, the University is considered a special purpose governmental agency engaged only in business type activities, as defined by GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis for State and Local Governments*, as

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

amended by GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. Accordingly, the University's basic financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred.

(i) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires that management make estimates and assumptions affecting the reported amounts of assets and liabilities, revenues and expenses, as well as disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

In particular, laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates related to these programs could change by a material amount in the near term.

(j) Cash and Cash Equivalents

Cash and cash equivalents are defined as petty cash, demand accounts, certificates of deposit, and any short-term investments that take on the character of cash. These investments have maturities of less than three months at the time of purchase and include repurchase agreements and money market accounts.

(k) Investments and Investment Income

The University reports the fair value of investments using the three-level hierarchy established under GASB Statement No. 72, *Fair Value Measurement and Application*. The fair value of alternative investments (low-volatility multi-strategy funds of funds) and certain private equity partnerships do not have readily ascertainable market values and the University values these investments in accordance with valuations provided by the general partners or fund managers of the underlying partnerships or companies, typically based on net asset value (NAV) of the partnership or commingled vehicle. Because some of these investments are not readily marketable, the estimated fair value is subject to uncertainty and, therefore, may differ from the fair value that would have been used had a ready market for the investment existed. Investments received by gift are recorded at fair value at the date of receipt. Changes in the fair value of investments are reported in net investment income.

(l) Derivatives

The University has adopted the provisions of GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*. GASB Statement No. 53 establishes a framework for accounting and financial reporting related to derivative instruments, requiring the fair value of derivatives to be recognized in the basic financial statements. At September 30, 2020 and 2019, the University had two hedging derivative instruments, interest rate swaps, in effect. In accordance with hedge accounting, the changes in fair values of the interest rate swaps are reported as changes in deferred inflows and outflows and the fair values of the interest rate swaps are recognized in other long-term liabilities and deferred inflows and outflows on the statements of net position since the interest rate swaps were deemed effective.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

(m) Deferred Outflows and Inflows of Resources

Deferred outflows of resources consist of employer contributions to the Teacher's Retirement System of Alabama and the Public Education Employees Health Insurance Plan subsequent to the plan's measurement dates, changes in proportion and differences between employer contributions and proportionate share of contributions related to the OPEB plan, changes in actuarial and other assumptions related to the pension plan, fair value of interest rate swaps and the loss on the defeasement of certain bond amounts.

Deferred inflows of resources consist of the proportionate share of the differences between expected and actual experience related to the pension plan, net difference between projected and actual earnings on pension and OPEB plan investments, changes of assumptions in OPEB plan, changes in proportion and differences between employer contributions and proportionate share of contributions in pension and OPEB plans, fair values of interest rate swaps and gain on the refunding of certain bond amounts.

(n) Bond Premiums, Discounts, and Loss on Extinguishment Costs

Bond premiums, discounts, and loss on extinguishment costs associated with the issuance of certain bond series are capitalized and amortized over the life of the respective bond series on a straight-line basis in accordance with generally accepted accounting principles.

(o) Accounts Receivable

Patient receivables primarily result from hospital and ambulatory patient service revenues. Accounts receivable – other includes amounts due from students, the federal government, state and local governments, or private sources in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts. Accounts and patient receivables are recorded net of estimated uncollectible amounts.

(p) Inventories

The University's inventories primarily consist of medical supplies and pharmaceuticals. Medical supplies and pharmaceuticals are stated at the lower of cost (first-in, first-out method) or market.

(q) Capital Assets

Capital assets are recorded at cost, if purchased, or, if donated, at acquisition value at the date of donation. Depreciation is provided over the estimated useful life of each class of depreciable assets using the straight-line method. Major renewals and renovations are capitalized. Costs for repairs and maintenance are expensed when incurred. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and the gain or loss, if any, is included in nonoperating revenues (expenses) in the statements of revenues, expenses, and changes in net position.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

All capital assets other than land are depreciated using the following asset lives:

| | |
|---|-----------------|
| Buildings, infrastructure and certain building components | 40 to 100 years |
| Fixed equipment | 10 to 20 years |
| Land improvements | 8 to 20 years |
| Library materials | 10 years |
| Other equipment | 4 to 15 years |

Certain buildings are componentized for depreciation purposes.

Interest costs for certain constructed assets are capitalized as a component of the cost of acquiring those assets. The amount of interest capitalized for the years ended September 30, 2020 and 2019 was approximately \$4,662,000 and \$2,030,000, respectively.

The University evaluates impairment in accordance with GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*. For the years ended September 30, 2020 and 2019, no impairments were recorded.

(r) Unrecognized Revenues

Student tuition, fees, and dormitory rentals are initially recorded as unrecognized revenues and then recognized over the applicable portion of each school term. In fiscal year 2020, the University received funding from the CARES Act which is reported as unrecognized revenues in the 2020 statement of net position. Additionally, USA Health received Advanced Medicare funding, and this amount is also reported as unrecognized revenues in the 2020 statement of net position.

(s) Cost Sharing Multiple-Employer Pension Plan

Employees of the University are covered by a cost sharing multiple-employer defined benefit pension plan (the Plan) administered by the Teachers' Retirement System of Alabama (TRS). The TRS financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenues when earned, pursuant to Plan requirements. Benefits and refunds are recognized as expenses when due and payable in accordance with the terms of the Plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made. Investments are reported at fair value. Financial statements are prepared in accordance with requirements of the GASB. Under these requirements, the Plan is considered a component unit of the State of Alabama and is included in the State's Comprehensive Annual Financial Report.

(t) Postemployment Benefits Other Than Pensions (OPEB)

Employees of the University are covered by a cost sharing multiple-employer other post employment benefit plan administered by the Alabama Retired Education Employees Health Care Trust (Trust). The Trust's financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Trust and additions to/deductions from the Trust's fiduciary net position. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due pursuant to plan requirements. Benefits are recognized when due and payable in accordance with the terms of the Plan. In accordance with GASB, the Trust is considered a component unit of the State of Alabama and is included in the State's Comprehensive Annual Financial Report.

(u) Classification of Net Position

The University's net position is classified as follows:

Net investment in capital assets reflects the University's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such debt is excluded from the calculation of *net investment in capital assets*.

Restricted, nonexpendable net position consists of endowment and similar type funds for which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Restricted, expendable net position includes resources that the University is legally or contractually obligated to spend in accordance with restrictions imposed by external parties.

Unrestricted net position represents resources derived from student tuition and fees, state appropriations, patient service revenues, sales and services of educational activities and auxiliary enterprises. Auxiliary enterprises are substantially self-supporting activities that provide services for students, faculty and staff. While unrestricted net position may be designated for specific purposes by action of management or the Board of Trustees, they are available for use at the discretion of the governing board to meet current expenses for any purpose. Substantially all unrestricted net position is designated for academic and research programs and initiatives and capital programs.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the University addresses each situation on a case-by-case basis prior to determining the resources to be used to satisfy the obligation.

(v) Scholarship Allowances and Student Financial Aid

Student tuition and fees, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statements of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University and the amount paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants and other federal, state, or nongovernmental programs are recorded as either operating or nonoperating revenues in the University's basic financial statements based on their classification as either an exchange or a

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

nonexchange transaction. To the extent that revenues from such programs satisfy tuition and fees and certain other student charges, the University has recorded a scholarship discount and allowance.

(w) Donor Restricted Endowments

The University is subject to the "Uniform Prudent Management of Institutional Funds Act" (UPMIFA) of the Code of Alabama. This law allows the University, unless otherwise restricted by the donor, to spend net appreciation, realized and unrealized, of the endowment assets. The law also allows the University to appropriate for expenditure or accumulate to an endowment fund such amounts as the University determines to be prudent for the purposes for which the endowment fund was established. The University's endowment spending policy provides that 4.5% of the five-year invested net asset moving average value (inclusive of net realized and unrealized gains and losses), as measured at September 30, is available annually for spending. The University's policy is to retain the endowment net interest and dividend income and net realized and unrealized appreciation with the endowment after distributions allowed by the spending policy have been made. These amounts, unless otherwise directed by the donor, are included in restricted expendable net position.

(x) Classification of Revenues

The University has classified its revenues as either operating or nonoperating revenues.

Operating revenues include activities that have the characteristics of exchange transactions such as student tuition and fees, net of scholarship discounts and allowances; patient service revenues, net of provision for bad debts; most federal, state, and local grants and contracts; and sales and services of auxiliary enterprises, net of scholarship allowances.

Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as state appropriations, investment income and gifts and contributions.

(y) Gifts and Pledges

Pledges of financial support from organizations and individuals representing an unconditional promise to give are recognized in the basic financial statements once all eligibility requirements, including time requirements, have been met. In the absence of such a promise, revenue is recognized when the gift is received. Endowment pledges generally do not meet eligibility requirements, as defined by GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, and are not recorded as assets until the related gift has been received. Unconditional promises that are expected to be collected in future years are recorded at the present value of the estimated future cash flows.

(z) Grants and Contracts

The University has been awarded grants and contracts for which funds have not been received or expenditures made for the purpose specified in the award. These awards have not been reflected in the basic financial statements, but represent commitments of sponsors to provide funds for specific research or training projects. For grants that have allowable cost provisions, the revenue will be recognized as the related expenditures are made. For grants with work completion requirements, the

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

revenue is recognized as the work is completed. For grants without either of the above requirements, the revenue is recognized as it is received.

(aa) Patient Service Revenues and Electronic Health Records Incentive Program

Patient service revenues are reported at estimated net realizable amounts due from patients, third-party payers and others for healthcare services rendered, including estimated retroactive revenue adjustments due to future audits, reviews and investigations. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered and such amounts are adjusted in future periods, as adjustments become known or as years are no longer subject to such audits, reviews and investigations.

The Centers for Medicare and Medicaid Services (CMS) has implemented provisions of the American Recovery and Reinvestment Act of 2009 that provide incentive payments for the meaningful use of certified electronic health record (EHR) technology. CMS has defined meaningful use as meeting certain objectives and clinical quality measures based on current and updated technology capabilities over predetermined reporting periods as established by CMS. The Medicare EHR incentive program provides annual incentive payments to eligible professionals, and hospitals, that are meaningful users of certified EHR technology. The Medicaid EHR incentive program provides annual incentive payments to eligible professionals and hospitals for efforts to adopt, implement, and meaningfully use certified EHR technology. USA Health utilizes a grant accounting model to recognize EHR incentive revenues. EHR incentive revenue is recorded ratably throughout the incentive reporting period when it is reasonably assured that it will meet the meaningful use objectives for the required reporting period and that the grants will be received. The EHR reporting period for hospitals is based on the federal fiscal year, which runs from October 1 through September 30.

University Hospital has met the Medicare and Medicaid meaningful use objectives for fiscal year 2019. The hospital also expects to meet meaningful use objectives in fiscal 2020. No meaningful use payment is expected for fiscal year 2018 forward as a result of the transition to the Merit-Based Incentive Payment System, which is an ambulatory Eligible Professional attestation. While University Hospital is moving to Penalty Aversion, it is still in the Meaningful Use program for eligible hospitals. Any payment adjustments for fiscal year 2017 through 2019 will not be paid until 2021.

In 2020, USA Health recognized a Medicare EHR incentive payment determination of \$54,225 as final settlement for the USA Health University Hospital's year ended September 30, 2015. The EHR incentive revenues are included in other operating revenues in the accompanying 2020 statement of revenues, expenses, and changes in net position.

(bb) Compensated Absences

The University accrues annual leave for employees as incurred at rates based upon length of service and job classification.

(cc) Recently Adopted Accounting Pronouncements

In 2020, the University adopted the provisions of GASB Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements*, which updates the information

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

that is disclosed in the financial statements related to debt. The University adopted this Statement and applied the effects retroactively. All effected disclosures were updated accordingly. There was no significant impact to the University in the adoption of this statement.

(2) Income Taxes

The University is classified as both a governmental entity under the laws of the State of Alabama and as a tax-exempt entity under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3). Consistent with these designations, no provision for income taxes has been made in the accompanying basic financial statements.

In addition, the University's discretely presented component units, except for HCA, are tax-exempt entities under Section 501(a) of the Internal Revenue Code as organizations described in Section 501(c)(3). The income of HCA is excluded from federal and state income taxation pursuant to the provisions of Section 115(1) of the Internal Revenue Code. Consistent with these designations, no provision for income taxes has been made in the accompanying discretely presented component unit financial statements.

(3) Cash and Cash Equivalents

Pursuant to the Security for Alabama Funds Enhancement Act, funds on deposit may be placed in an institution designated as a qualified public depository (QPD) by the State of Alabama. QPD institutions pledge securities to a statewide collateral pool administered by the State Treasurer's office. Such financial institutions contribute to this collateral pool in amounts proportionate to the total amount of public fund deposits at their respective institutions. The securities are held at the Federal Reserve Bank and are designated for the State of Alabama. Additional collateral was not required for University funds on deposit with QPD institutions. At September 30, 2020 and 2019, the net public deposits subject to collateral requirements for all institutions participating in the pool totaled approximately \$14.2 billion and \$11.7 billion, respectively. The University had cash and cash equivalents, including restricted cash and cash equivalents, in the pool of \$288,378,000 and \$170,463,000 at September 30, 2020 and 2019, respectively.

At September 30, 2020, restricted cash and cash equivalents consist of \$1,183,000 related to cash included in the PLTF and GLTF to pay insurance liability claims, \$31,958,000 of unspent proceeds from the issuance of University bonds for capital purchases as outlined in the bond indenture, \$9,468,000 related to collateral requirements of interest rate swaps, \$6,887,000 related to restricted donations related to certain capital projects, and \$1,309,000 related to endowment funds. At September 30, 2019, restricted cash and cash equivalents consist of \$5,243,000 related to cash included in the PLTF and GLTF to pay insurance liability claims, \$42,073,000 of unspent proceeds from the issuance of University bonds for capital purchases as outlined in the bond indenture, \$11,200,000 related to collateral requirements of interest rate swaps, \$925,000 related to restricted donations related to certain capital projects, and \$740,000 related to endowment funds.

(4) Investments

(a) University of South Alabama

The investments of the University are invested pursuant to the University of South Alabama "Nonendowment Cash Pool Investment Policies," the "Endowment Fund Investment Policy," and the "Derivatives Policy" (collectively referred to as the University Investment Policies) as adopted by the

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

Board of Trustees. The purpose of the nonendowment cash pool investment policy is to provide guidelines by which commingled funds not otherwise needed to meet daily operational cash flows can be invested to earn a maximum return, yet still maintain sufficient liquidity to meet fluctuations in the inflows and outflows of University operational funds. Further, endowment fund investment policies exist to provide earnings to fund specific projects of the endowment fund, while preserving principal. The University Investment Policies require that management apply the “prudent person” standard in the context of managing its investment portfolio.

The investments of the blended component units of the University are invested pursuant to the separate investment policy shared by the PLTF and GLTF (the Trust Fund Investment Policy.) The objectives of the Trust Fund Investment Policy are to provide a source of funds to pay general and professional liability claims and to achieve long-term capital growth to help defray future funding requirements. Additionally, certain investments of the University’s component units, both blended and discretely presented, are subject to The Uniform Prudent Management of Institutional Funds Act (UPMIFA) as well as any requirements placed on them by contract or donor agreements.

Certain investments, primarily related to the University’s endowment assets, are pooled. The University uses this pool to manage its investments and distribute investment income to individual endowment funds.

Investments of the University, by type, at fair value, are as follows at September 30, 2020 and 2019 (in thousands):

| | 2020 | 2019 |
|--|-------------|-------------|
| U.S. Treasury securities | \$ 12,033 | 14,681 |
| U.S. federal agency notes | 73,994 | 75,299 |
| Commingled equity funds | 92,882 | 95,925 |
| Commingled fixed income funds | 42,127 | 27,591 |
| Marketable equity securities | 36,728 | 26,207 |
| Marketable debt securities | 12,749 | 9,969 |
| Real estate | — | 125 |
| Private equity | 14,805 | 12,526 |
| Managed income alternative investments (low-volatility multi-strategy funds of funds) | 36,126 | 31,861 |
| | \$ 321,444 | 294,184 |

At September 30, 2020 and 2019, restricted investments consist of endowment funds, funds held in the PLTF and GLTF to pay insurance liability claims and funds related to collateral requirements of the interest rate swaps.

At September 30, 2020 and 2019, \$28,113,000 and \$22,243,000, respectively, of cumulative appreciation in fair value of investments of donor-restricted endowments was recognized and is included in restricted expendable net position in the accompanying statements of net position.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

The University invests in several private equity funds. At September 30, 2020, the University had capital commitments to those funds of \$7,269,000.

(i) *Credit Risk and Concentration of Credit Risk*

Nonendowment Cash Pool Investment Policy

The University Investment Policies limit investment in corporate bonds to securities with a minimum "A" rating, at the time of purchase, by both Moody's and Standard and Poor's. Investments in corporate paper are limited to issuers with a minimum quality rating of P-1 by Moody's, A-1 by Standard and Poor's or F-1 by Fitch.

Additionally, the University Investment Policies require that not more than 10% of the cash, cash equivalents and investments of the University be invested in the obligations of a single private corporation and not more than 35% of the cash, cash equivalents and investments of the University be invested in the obligations of a single government agency.

Endowment Fund Investment Policy

The University Investment Policies limit investment in fixed income securities to securities with a minimum "BAA" rating, at the time of purchase, by both Moody's and Standard and Poor's. Money Market Funds selected shall contain securities whose credit rating at the absolute minimum would be rated investment grade by Standard and Poor's, and/or Moody's. Investment in fixed income securities within the fixed income portfolio shall be restricted to only investment grade bonds rated "BAA" or higher. Any investment in below investment grade bonds shall be considered an equity or fixed income alternative investment.

Additionally, the University Investment Policies require that not more than 5% of the Endowment Fund assets of the University be allocated to an individual investment manager and no more than 25% of the Endowment Fund assets be allocated to a "Funds of Funds" or multi-manager fund.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

The University's exposure to credit risk and concentration of credit risk at September 30, 2020 and 2019 is as follows:

| | 2020 | |
|---|--------------------------|--|
| | Credit rating | Percentage of total investments |
| Federal National Mortgage Association | AAA | 4.9 % |
| Federal Home Loan Mortgage Corporation | AAA | 13.5 |
| Federal Farm Credit Banks Funding Corporation | AAA | 3.1 |
| Common Fund Bond Fund | AAA | 6.5 |
| PIMCO Pooled Bond Fund | BAA+/AA/A | 6.6 |
| US Treasury securities | AAA/AA+ | 3.7 |
| Marketable debt securities | Various | 4.0 |

| | 2019 | |
|---|--------------------------|--|
| | Credit rating | Percentage of total investments |
| Federal National Mortgage Association | AAA | 3.2 % |
| Federal Home Loan Mortgage Corporation | AAA | 3.7 |
| Federal Farm Credit Banks Funding Corporation | AAA | 9.8 |
| Common Fund Bond Fund | AAA | 7.4 |
| Federal Farm Credit Banks Debenture | AAA/AA+ | 8.9 |
| PIMCO Pooled Bond Fund | BAA+/AA/A | 2.0 |
| US Treasury securities | AAA/AA+ | 5.0 |
| Marketable debt securities | Various | 3.0 |

Notes to Basic Financial Statements

September 30, 2020 and 2019

(ii) *Interest Rate Risk*

At September 30, 2020 and 2019, the maturity dates of the University's fixed income investments are as follows (in thousands):

| | | 2020 | | | | |
|-------------------------------|-------------------|--------------------------|---------------|---------------|---------------------|--|
| | | Years to maturity | | | | |
| | Fair value | Less than 1 | 1-5 | 6-10 | More than 10 | |
| U.S. Treasury securities | \$ 12,033 | 1,938 | 4,263 | 5,832 | — | |
| U.S. federal agency notes | 73,994 | — | 65,666 | — | 8,328 | |
| Marketable debt securities | 12,749 | 1,805 | 6,204 | 4,163 | 577 | |
| Commingled fixed income funds | 42,127 | 1,379 | 1,501 | 3,467 | 35,780 | |
| | <u>\$ 140,903</u> | <u>5,122</u> | <u>77,634</u> | <u>13,462</u> | <u>44,685</u> | |

| | | 2019 | | | | |
|-------------------------------|-------------------|--------------------------|---------------|---------------|---------------------|--|
| | | Years to maturity | | | | |
| | Fair value | Less than 1 | 1-5 | 6-10 | More than 10 | |
| U.S. Treasury securities | \$ 14,681 | — | 8,543 | 6,138 | — | |
| U.S. federal agency notes | 75,299 | 22,419 | 42,696 | — | 10,184 | |
| Marketable debt securities | 9,969 | — | 4,679 | 5,290 | — | |
| Commingled fixed income funds | 27,591 | 1,375 | 1,445 | 3,128 | 21,643 | |
| | <u>\$ 127,540</u> | <u>23,794</u> | <u>57,363</u> | <u>14,556</u> | <u>31,827</u> | |

Commingled fixed income funds are classified based on the weighted average maturity of the individual investment instruments within each fund.

The University's Investment Policies do not specifically address the length to maturity on investments which the University must follow; however, they do require that the maturity range of investments be consistent with the liquidity requirements of the University.

(iii) *Custodial Credit Risk*

Custodial credit risk is the risk that, in the event of a failure of the counterparty to a transaction, an organization will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The University's investments are held by third party institutions in the name of the University. The University's Investment Policies do not specifically address custodial credit risk.

(iv) *Mortgage-Backed Securities*

The University, from time to time, invests in mortgage-backed securities such as the Federal Home Loan Mortgage Corporation (FHLMC), the Federal National Mortgage Association (FNMA), and other government sponsored enterprises of the United States government. The University invests in these

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

securities to increase the yield and return on its investment portfolio given the available alternative investment opportunities.

(v) *Fair Value Measurement*

Fair value measurements represent the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The University measures and records its investments using fair value measurement guidelines established by GASB Statement No. 72. These guidelines prioritize the inputs of valuation techniques used to measure fair value, as follows:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices; and,
- Level 3: Unobservable inputs

The level in the fair value hierarchy that determines the classification of an asset or liability depends on the lowest level input that is significant to the fair value measurement. Observable inputs are derived from quoted market prices for assets or liabilities traded on an active market where there is sufficient activity to determine a readily determinable market price. Investments that are not traded on an active exchange and do not have a quoted market price are classified as unobservable inputs. The University's assets that have unobservable inputs consist of the investment in real estate, with fair value based on an independent third party appraisal performed by qualified appraisers specializing in real estate investments, and of investments in private capital, with fair value determined by the investment managers and primarily utilizes management assumptions and best estimates after considering internal and external factors. Other assets included in the University's investment portfolio with unobservable inputs are the shares or units in certain partnerships or other commingled funds that do not have readily determinable fair values. For these funds, fair value is estimated using the net asset value reported by the investment managers as a practical expedient to fair value. Such investments have not been categorized within the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net position.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

(b) University of South Alabama Foundation

Investments in securities consist primarily of equity securities totaling \$157,457,000 and \$150,796,000 at June 30, 2020 and 2019, respectively.

Investment income was comprised of the following for the years ended June 30, 2020 and 2019 (in thousands):

| | 2020 | 2019 |
|------------------------|-------------|-------------|
| Unrealized gains | \$ 7,651 | 13,188 |
| Realized gains | 3,096 | 3,227 |
| Timber sales | 3,190 | 2,505 |
| Interest and dividends | 2,182 | 2,214 |
| Rents | 705 | 642 |
| Royalties | 63 | 85 |
| | \$ 16,887 | 21,861 |

Investment related expenses in the amounts of \$368,000 and \$359,000 are included in the USA Foundation's management and general expenses in the accompanying consolidated statements of activities and changes in net assets for the years ended June 30, 2020 and 2019, respectively.

Real estate at June 30, 2020 and 2019 consisted of the following property held (in thousands):

| | 2020 | 2019 |
|--|-------------|-------------|
| Land and land improvements – held for investment | \$ 52,423 | 60,448 |
| Building and building improvements – held for investment | 1,032 | 1,060 |
| | \$ 53,455 | 61,508 |

Timber and mineral properties are stated at fair value. Depletion of mineral properties is recognized over the remaining producing lives of the properties based on total estimated production and current-period production. Depletion of timber properties is recognized on a specific identification basis as timber rights are sold or on a unit basis for sales made on that basis. Reforestation costs consisting of site preparation and planting of seedlings are capitalized.

Investments at June 30, 2020 and 2019, include an equity interest in a timberland management company. The company's primary assets consist of timberland. The Foundation's proportionate share of the fair value of the company is based upon the valuation from the trustee responsible for the management of the company and the timber valuation.

The USA Foundation has adopted Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures*. ASC 820 provides a single definition of fair value and a hierarchical

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

framework for measuring it, as well as establishing additional disclosure requirements about the use of fair value to measure assets and liabilities. Fair value measurements are classified as either observable or unobservable in nature. Observable fair values are derived from quoted market prices for investments traded on an active exchange or in dealer markets where there is sufficient activity and liquidity to allow price discovery by substantially all market participants (Level 1). The USA Foundation's observable values consist of investments in exchange-traded equity securities with a readily determinable market price. Other observable values are fair value measurements derived either directly or indirectly from quoted market prices (Level 2). Investments that are not traded on an active exchange and do not have a quoted market price are classified as unobservable (Level 3). The USA Foundation's unobservable values consist of investments in timber and real estate with fair values based on independent third-party appraisals performed by qualified appraisers specializing in timber and real estate investments.

The USA Foundation's investment assets at June 30, 2020 and 2019, are summarized based on the criteria of ASC 820 as follows (in thousands):

| Description | Fair value measurements at June 30, 2020 | | | |
|--|--|----------|-------------------|----------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Equity securities | \$ 105,487 | — | — | 105,487 |
| Timber and mineral properties | — | — | 168,063 | 168,063 |
| Real estate | — | — | 53,455 | 53,455 |
| Other investments | — | — | 5,811 | 5,811 |
| | <u>\$ 105,487</u> | <u>—</u> | <u>227,329</u> | <u>332,816</u> |
| Investment in Commonfund measured at NAV | | | | <u>51,970</u> |
| | | | <u>\$ 384,786</u> | |

UNIVERSITY OF SOUTH ALABAMA

| 2019 | | | | |
|----------------------------------|-------------------------------------|-------------|----------------------|---------|
| Description | Timber and mineral properties | Real estate | Other investments | Total |
| Beginning balance | \$ 160,949 | 69,163 | 5,805 | 235,917 |
| Net unrealized gains (losses) | 6,247 | (7,620) | 4 | (1,369) |
| Reforestation | 281 | — | — | 281 |
| Depreciation/depletion | (3,170) | (35) | — | (3,205) |
| Ending balance | \$ 164,307 | 61,508 | 5,809 | 231,624 |

As of June 30, 2020, the USA Foundation has no outstanding commitments to purchase securities or other investments. Additionally, substantially all of the USA Foundation's equity securities at June 30, 2020 are considered readily liquid. Timber and mineral properties, real estate, and other investments are generally considered illiquid.

Other long-term liabilities primarily consist of self-insurance liabilities, liabilities related to compensated absences and the fair value of derivatives. Amounts due within one year are included in current portion of other long-term liabilities.

During 2017, the University entered into a note payable for a period of ten years payable monthly at \$19,000. This agreement commenced in November 2016 to finance improvements of the HVAC system. In January 2020, there was an amendment of the Alabama Power note payable by an increase in the amount of \$2,147,000. The amount outstanding on the note at September 30, 2020 and 2019 is \$3,405,000 and \$1,605,000, respectively, and is reported as long-term debt (and current portion thereof) in the statements of net position.

During 2015, the University entered into a variable interest rate revolving line of credit with Compass Bank to, among other reasons, fund the acquisition of certain real property by USA Health. The total amount available under the line of credit was \$5,000,000 and interest on the outstanding amounts accrued at the rate of the London InterBank Offered Rate (LIBOR) plus 1.00%. In July 2018, the University converted the line of credit into a term loan for a period of five years, with monthly payments of \$63,000 and interest accruing at the fixed rate of 3.85% per annum. The amount outstanding at September 30, 2020 and 2019 is \$2,029,000 and \$2,690,000, respectively, and is reported as long-term debt (and current portion thereof) in the statements of net position.

During 2020, the University entered into a variable rate revolving line of credit with Hancock Whitney Bank to ensure the University was adequately prepared for potential cash-flow issues that could have been caused by the onset of the COVID-19 pandemic. The line of credit expires in June 2021. The total amount available under the line of credit is \$50,000,000. Interest accrues on any outstanding principal balances at

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

a rate of LIBOR plus 1.5%. There is also an unused fee of .15% that is billed to the University quarterly. There have been no draws on the line of credit during the year ended September 30, 2020.

(a) USA Research and Technology Corporation

(i) Notes Payable

Notes payable from direct borrowings consisted of the following at September 30, 2020 and 2019 (in thousands):

| | 2020 | 2019 |
|---|-------------|-------------|
| PNC Bank promissory note, 4.38%, payable through 2028 | \$ 12,195 | 12,640 |
| PNC Bank promissory note, 4.50%, payable through 2021 | 7,103 | 7,418 |
| University of South Alabama, 3.0%, payable through 2023 | 1,183 | 1,186 |
| | \$ 20,481 | 21,244 |

The first promissory note payable to PNC Bank has a 10-year term and amortization is based on a 20-year term. The promissory note payable is secured by an interest in tenant leases for Buildings II and III, and an interest in income received from rental of Buildings II and III. The Corporation agreed to not transfer or encumber the buildings or its leasehold interest in the real estate on which the buildings stand.

The second promissory note payable to PNC Bank has a 10-year term and amortization is based on a 20-year term. The promissory note payable is secured by an interest in tenant leases for Building I and the dialysis services building, and an interest in income received from rental of Building I and the dialysis services building. The Corporation agreed to not transfer or encumber the buildings or its leasehold interest in the real estate on which the buildings stand.

In connection with each PNC note, the University entered into an agreement with the lender providing that for any year in which the Corporation's debt service coverage ratio is less than 1 to 1, the University will pay the Corporation rent equal to the amount necessary to bring the ratio to 1 to 1. The debt service coverage ratio is calculated by dividing the sum of unrestricted cash and cash equivalents at the beginning of the year (reduced by current year capital asset additions) and current year change in net position (determined without depreciation, amortization, and interest expenses) by current year debt service. For fiscal 2020, the Corporation's debt service coverage ratio was 1.3 to 1.

During fiscal 2020, the payable to the University totaling \$386,151 and the promissory note payable totaling \$1,186,015 at September 30, 2019 was converted into a new promissory note payable to the University. It is a fully-amortizing note with a 4-year term and an interest rate of 3%.

The Corporation's outstanding notes from direct borrowings with PNC Bank contain a provision that, in the event of default, PNC Bank may take any or all of the following actions: (a) declare the loan due and payable, (b) declare the note in default, and (c) exercise any other remedies or rights

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

which it has under any instrument executed in connection with the loan. Prior to any of these actions, however, PNC Bank will give the University 30 days to cure the default. The Corporation's outstanding note from a direct borrowing with the University contains a provision that, in the event principal payments are not made when due, allows the University to declare the loan due and payable.

(ii) *Debt Service on Long-Term Obligations*

At September 30, 2020, total future debt service by fiscal year is as follows (in thousands):

| | Debt service on notes | | |
|-----------|------------------------------|-----------------|--------------|
| | Principal | Interest | Total |
| 2021 | \$ 7,950 | 661 | 8,611 |
| 2022 | 880 | 523 | 1,403 |
| 2023 | 913 | 489 | 1,402 |
| 2024 | 530 | 460 | 990 |
| 2025 | 554 | 436 | 990 |
| 2026–2030 | 9,654 | 1,068 | 10,722 |
| Total | \$ 20,481 | 3,637 | 24,118 |

(iii) *Derivative Transaction*

The Corporation was a party to a derivative with Wells Fargo Bank, N.A., the counterparty (successor to Wachovia Bank, N.A. the original counterparty). The derivative was a "receive variable, pay fixed" interest rate swap entered into in connection with the promissory note to Wells Fargo Bank, N.A.

The swap was terminated on June 20, 2018 as part of a transaction refunding the Wells Fargo loan with the proceeds of a loan from PNC Bank. The fee paid by the Corporation to Wells Fargo to terminate the swap was \$1,478,000. Pursuant to GASB Statement No. 65, the fee is reported in deferred outflows on the statements of net position and amortized to interest expense according to the percentage of annual interest paid on the loan from PNC Bank to the total interest to be paid on that loan over the 118 months that were remaining on the Wells Fargo loan when the swap was terminated. At September 30, 2020 and 2019, the balance was \$1,089,000 and \$1,262,000, respectively.

Substantially all student tuition and fee and auxiliary revenues secure University bonds. Additionally, security for all bonds includes USA Health Children's and Women's Hospital revenues in an amount not exceeding \$10,000,000. The Series 2012-A Bonds began maturing in August 2013. The Series 2012-A Bonds are redeemable beginning in August 2021. The Series 2013-A, 2013-B and 2013-C Bonds began maturing in August 2014 and are redeemable beginning in June 2023. The Series 2014-A Bonds began maturing in March 2015 and are redeemable by the University at any time. The Series 2015 Bonds began maturing in August 2015 and are redeemable beginning in June 2020. The Series 2016-A Bonds began maturing in November 2018 and are redeemable beginning in November 2026. The Series 2016-B, C and D Bonds will begin maturing in December 2024 and became redeemable as of December 2017. The Series 2017 Bonds began maturing in October 2017 and are redeemable beginning in October 2027. The Series 2019-A and B Bonds will begin maturing in April 2033 and April 2021, respectively, and are redeemable beginning in April 2029. The Series 2019-C Bonds began maturing on April 1, 2020 and are not subject to redemption at the option of the University. Series 2020 Bonds will begin maturing on April 1, 2021 and are redeemable beginning April 1, 2030.

In September 2016, the University issued its University Facilities Revenue Refunding Bonds, Series 2016, with a face value of \$85,605,000. The proceeds from the Series 2016 Bonds were used to partially defease the Series 2008 Bonds. The funds were deposited into escrow trust funds to provide for the subsequent repayment of the Series 2008 Bonds when they were called in December 2018. Neither the asset of the escrow trust account, nor the defeased indebtedness is included in the accompanying statements of net position. The loss on the defeasement of the Series 2008 Bonds of \$7,859,000 was recorded as a deferred outflow and is being amortized over the remaining life of the Series 2016 Bonds and the balance of the related deferred outflow totaled \$6,274,000 and \$6,663,000, respectively, at September 30, 2020 and 2019. The principal outstanding on all defeased bonds is \$80,310,000 and \$83,020,000 at September 30, 2020 and 2019, respectively. The undefeased portion of the Series 2008 bonds was paid in full in August 2018.

In December 2016, the University issued its University Facilities Revenue Refunding Bonds, Series 2016-B, C & D, with a face value totaling \$100,000,000. The proceeds refunded the remaining outstanding Series 2006 Bonds. The gain on the refunding of the Series 2006 Bonds of \$4,539,000 was recorded as a deferred inflow and is being amortized over the remaining life of the Series 2016-B, C & D

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

Bonds and the balance of the related net deferred inflow at September 30, 2020 and 2019 totaled \$3,669,000 and \$3,896,000, respectively.

In February 2019, the University issued its University Facilities Revenue Bonds, Series 2019-A and Taxable University Facilities Revenue Bonds, Series 2019-B with a face value of \$47,750,000 and \$18,440,000, respectively. The proceeds from the Series 2019-A and B Bonds are financing the football stadium and intramural fields.

In December 2019, the University issued its University Facilities Revenue Refunding Bonds, Series 2019-C, with a face value of \$19,086,000. The proceeds refunded the remaining Series 2010 Bonds.

In February 2020, the University issued its University Facilities Revenue Bonds, Series 2020, with a face value of \$37,005,000. The proceeds from the Series 2020 Bonds are financing a transportation hub, a warehouse building and improvements and new construction to certain USA Health Facilities.

Approximately \$2,356,000 and \$5,292,000 of proceeds from the issuance of the Series 2017 Bonds remained unspent at September 30, 2020 and 2019, respectively, and is included in restricted cash and cash equivalents on the statements of net position. Approximately \$57,000 of proceeds from the issuance of the Series 2019-A and B Bonds remained unspent at September 30, 2020 and is included in restricted cash and cash equivalents on the statement of net position. Approximately \$29,545,000 of proceeds from the issuance of the Series 2020 Bonds remained unspent at September 30, 2020 and is included in restricted cash and cash equivalents on the 2020 statement of net position. All bond funds are restricted for capital purposes as outlined in the bond indentures. The University is subject to arbitrage restrictions on its bonded indebtedness prescribed by the U.S. Internal Revenue Service. As such, amounts are accrued as needed in the University's basic financial statements for any expected arbitrage liabilities. At September 30, 2020 and 2019, no amounts were due or recorded in the financial statements.

The University is subject to restrictive covenants related to its bonds payable.

| Total | \$ 452,651 | | 5,431 | | |

(8) Capital Lease Obligations

The University has entered into various capital leases as a method of financing medical equipment, computer software and hardware, a heat recovery system, and other office equipment.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

Future minimum capital lease payments at September 30, 2020 are as follows (in thousands):

| | | |
|------------------------------------|----|--------|
| Year ending September 30: | | |
| 2021 | \$ | 6,983 |
| 2022 | | 4,854 |
| 2023 | | 1,329 |
| 2024 | | 533 |
| 2025 | | 6 |
| 2026-2039 | | 90 |
| | | 13,795 |
| Less amounts representing interest | | (523) |
| Net minimum lease payments | \$ | 13,272 |

These amounts are included in long-term debt (and current portion thereof) in the accompanying statements of net position.

(9) Derivative Transactions – Interest Rate Swaps

The University is a party to two derivatives with Wells Fargo Bank, the counterparty. In December 2013, Wells Fargo exercised its option with respect to the synthetic advance refunding of the Series 2004 Bonds to enter into an interest rate swap agreement with the University with an effective date of March 15, 2014. The resulting derivative is a “receive-variable, pay-fixed” interest rate swap. As part of the overall plan of the synthetic refunding of the Series 2004 Bonds, the University redeemed those bonds in April 2014 with proceeds from the Series 2014-A Bonds.

In September 2016, Wells Fargo exercised its option with respect to the synthetic advance refunding of the Series 2006 Bonds to enter into an interest rate swap agreement with the University with an effective date of September 1, 2016. The resulting derivative is a “receive-variable, pay-fixed” interest rate swap. As part of the overall plan of the synthetic refunding of the Series 2006 Bonds, the University redeemed those bonds in December 2016 with proceeds from the Series 2016-B, C & D Bonds.

Objective of the transactions. As noted, both interest rate swaps were the result of the original January 2008 synthetic advance refunding of the Series 2004 and Series 2006 Bonds. The objective of these transactions was to realize debt service savings currently from future debt refunding and create an economic benefit to the University.

The 2014 swap will terminate in March 2024, when the Series 2014-A Bonds mature. The notional amount of the swap will at all times match the outstanding principal amount of the bonds. Under the swap, the University pays the counterparty a fixed semi-annual payment based on an annual rate of 4.9753% and receives on a monthly basis a variable payment of 68% of the one-month LIBOR plus 0.25%. Conversely, the Series 2014-A Bonds bear interest on a monthly basis at 68% of the one-month LIBOR rate plus 0.73%.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

The 2016 swap will terminate in December 2036, when the Series 2016-B, C & D Bonds mature. The notional amount of the swap will at all times match the outstanding principal amount of the bonds. Under the swap, the University pays the counterparty a fixed semi-annual payment based on an annual rate of 5% and receives on a monthly basis a variable payment of 68% of the one-month LIBOR plus 0.25%. Conversely, the Series 2016-B, C & D Bonds bear a weighted average interest on a monthly basis at 68% of the one-month LIBOR rate plus 0.79%.

Fair value. The 2014 interest rate swap had a negative fair value of approximately (\$9,138,000) at its inception. This amount, net of any amortization and adjustments to fair market value, is reported as a borrowing arising from the 2014 interest rate swap as other long-term liabilities in the amount of (\$3,001,000) and (\$3,653,000) in the statements of net position at September 30, 2020 and 2019, respectively. The change in the fair value of the swap of \$652,000 and (\$56,000), respectively, during the years ended September 30, 2020 and 2019, is reported as a deferred inflow and contra liability (other long-term liabilities) in the statements of net position since the interest rate swap is a hedging derivative instrument. Net deferred inflows of resources for the 2014 interest rate swap totaled \$197,000 and \$459,000 at September 30, 2020 and 2019, respectively.

The 2016 interest rate swap had a negative fair value of approximately (\$48,530,000) at its inception. This amount, net of any amortization and adjustments to fair value, is reported as a borrowing arising from the 2016 interest rate swap as other long-term liabilities in the amount of (\$47,161,000) and (\$42,097,000) in the statements of net position at September 30, 2020 and 2019, respectively. The change in the fair value of the swap of (\$5,064,000) and (\$11,868,000) during the years ended September 30, 2020 and 2019, respectively, is reported as a deferred outflow and contra asset (other noncurrent assets) in the statements of net position at September 30, 2020 and 2019 since the interest rate swap is a hedging derivative instrument. Net deferred inflows and outflows of resources for the 2016 interest rate swap totaled \$8,417,000 and \$956,000 of deferred outflows at September 30, 2020 and 2019, respectively.

The fair values of the interest rate swaps were estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement.

Risks Associated with these Transactions

Interest rate risk. As the LIBOR rate decreases, the net payments on the swaps increase. This, however, is mitigated by the fact that a decline in the LIBOR rate will also result in a decrease of the University's interest payments on the Series 2014-A and Series 2016-B, C & D Bonds. The University's exposure is limited to 0.48% and 0.54% of the notional amounts, the difference in the payment from the counterparty and the interest payment on the Series 2014-A and Series 2016-B, C & D Bonds.

Credit risk. As of September 30, 2020 and 2019, the University was not exposed to credit risk on the interest rate swaps because they had a negative fair value. However, if interest rates change and the fair value of the derivatives become positive, the University would have a gross exposure to credit risk in the amount of the derivative's fair value. The counterparty was rated Aa2 by Moody's Investor Services and A+ by Standard & Poor's Ratings Services as of September 30, 2020 and 2019.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

Termination risk. The University may be required to terminate the swaps based on certain standard default and termination events, such as failure to make payments, breach of agreements and bankruptcy. As of the current date, no events of termination have occurred.

Derivative payments and hedged debt. As interest rates fluctuate, variable rate debt interest and net derivative payments will fluctuate. Using interest rates as of September 30, 2020 and calculating interest for subsequent years using forward rates of one month LIBOR, debt service requirements for the 2014 interest rate swap payments, by fiscal year, are as follows (in thousands):

| | Variable rate loan | | Interest rate swap, net | Total |
|-------|--------------------|----------|----------------------------|--------|
| | Principal | Interest | | |
| 2021 | \$ 7,280 | 249 | 1,267 | 8,796 |
| 2022 | 7,655 | 162 | 947 | 8,764 |
| 2023 | 8,050 | 103 | 578 | 8,731 |
| 2024 | 8,455 | 37 | 193 | 8,685 |
| 2025 | — | — | — | — |
| Total | \$ 31,440 | 551 | 2,985 | 34,976 |

Debt service requirements for the 2016 interest rate swap payments, by fiscal year, are as follows (in thousands):

| | Variable rate loan | | Interest rate swap, net | Total |
|-----------|--------------------|----------|----------------------------|---------|
| | Principal | Interest | | |
| 2021 | \$ — | 901 | 4,639 | 5,540 |
| 2022 | — | 860 | 4,680 | 5,540 |
| 2023 | — | 892 | 4,648 | 5,540 |
| 2024 | — | 976 | 4,565 | 5,541 |
| 2025–2029 | 31,020 | 5,183 | 18,350 | 54,553 |
| 2030–2034 | 39,835 | 3,501 | 10,256 | 53,592 |
| 2035–2038 | 29,145 | 551 | 1,885 | 31,581 |
| Total | \$ 100,000 | 12,864 | 49,023 | 161,887 |

(10) Patient Service Revenues

USA Health has agreements with governmental and other third-party payers that provide for reimbursement at amounts different from their established rates. Contractual adjustments under third-party reimbursement programs represent the difference between USA Health's billings at established rates for services and amounts reimbursed by third-party payers.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

A summary of the basis of reimbursement with major-third party payers follows:

Medicare – Substantially all acute care services rendered to Medicare program beneficiaries are paid at prospectively determined rates. These rates vary according to patient classification systems that are based on clinical, diagnostic, and other factors. Additionally, USA Health is reimbursed for both direct and indirect medical education costs (as defined), principally based on per-resident prospective payment amounts and certain adjustments to prospective rate-per-discharge operating reimbursement payments. USA Health is generally paid for certain retroactively determined items at tentative rates, with final settlement determined after submission of annual cost reports by USA Health and audits by the Medicare fiscal intermediary.

USA Health University Hospital's Medicare cost reports have been audited by the Medicare fiscal intermediary through September 30, 2015.

USA Health Children's & Women's Hospital's Medicare cost reports have been audited by the Medicare fiscal intermediary through September 30, 2018.

Revenues from the Medicare program accounted for approximately 15% and 14% of USA Health's net patient service revenues for the years ended September 30, 2020 and 2019, respectively.

Blue Cross – Inpatient services rendered to Blue Cross subscribers are paid at a contractually determined per diem rate based upon MS-DRG groupings. Outpatient services are reimbursed under a contractually determined reimbursement methodology based on BCBS EAPGs.

Revenues from the Blue Cross program accounted for approximately 29% and 30% of USA Health's net patient service revenues for the years ended September 30, 2020 and 2019, respectively.

Medicaid – Inpatient services rendered to Medicaid program beneficiaries are reimbursed at all-inclusive prospectively determined per diem rates. Outpatient services are reimbursed based on an established fee schedule.

USA Health qualifies as a Medicaid essential provider and, therefore, also receives supplemental payments based on formulas established by the Alabama Medicaid Agency. There can be no assurance that USA Health will continue to qualify for future participation in this program or that the program will not ultimately be discontinued or materially modified.

Revenues from the Medicaid program accounted for approximately 26% and 29% of USA Health's net patient service revenues for the years ended September 30, 2020 and 2019, respectively.

Other – USA Health has entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payments to USA Health under these agreements include discounts from established charges and prospectively determined daily and case rates.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

The composition of net patient service revenues for the years ended September 30, 2020 and 2019 follows (in thousands):

| | 2020 | 2019 |
|---|--------------|-------------|
| Gross patient service revenues | \$ 1,367,755 | 1,129,815 |
| Less: | | |
| Provision for contractual and other adjustments | (713,865) | (538,306) |
| Provision for bad debts | (99,459) | (99,713) |
| | \$ 554,431 | 491,796 |

Changes in estimates related to prior cost reporting periods resulted in a decrease of approximately \$2,986,000 and an increase of approximately \$465,000 in patient service revenues for the years ended September 30, 2020 and 2019, respectively.

(11) Defined Benefit Cost Sharing Pension Plan

Employees of the University are covered by a cost sharing multiple-employer defined benefit pension plan administered by the TRS.

(a) Plan Description

The TRS was established in September 1939, under the provisions of Act 419 of the Legislature of 1939 for the purpose of providing retirement allowances and other specified benefits for qualified persons employed by State-supported educational institutions. The responsibility for the general administration and operation of the TRS is vested in its Board of Control. The TRS Board of Control consists of 15 trustees. The Plan is administered by the Retirement Systems of Alabama (RSA). Title 16-Chapter 25 of the code of Alabama grants the authority to establish and amend the benefit terms to the TRS Board of Control. The Plan issues a publicly available financial report that can be obtained at www.rsa-al.gov.

(b) Benefits Provided

State law establishes retirement benefits as well as death and disability benefits and any ad hoc increase in postretirement benefits for the TRS. Benefits for TRS members vest after ten years of creditable service. Tier 1 TRS members who retire after age sixty with ten years or more of creditable service or with twenty-five years of services (regardless of age) are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or formula method, with the member receiving payment under the method that yields the higher monthly benefit. Under the formula method, members of the TRS are allowed 2.0125% of their average final compensation (highest three of the last ten years) for each year of service.

Act 377 of the Legislature of 2012 established a new tier of benefits (Tier 2) for members hired on or after January 1, 2013. Tier 2 TRS members are eligible for retirement after age sixty-two with ten years or more of creditable service and are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or formula method, with

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, Tier 2 members of the TRS are allowed 1.65% of their average final compensation (highest five of the last ten years) for each year of service. Members are eligible for disability retirement if they have ten years of credible service, are currently in-service, and determined by the RSA Medical Board to be permanently incapacitated from further performance of duty. Preretirement death benefits are calculated and paid to the beneficiary based on the member's age, service credit, employment status, and eligibility for retirement.

(c) Contributions

Covered members of the TRS contributed 5% of earnable compensation to the TRS as required by statute until September 30, 2011. From October 1, 2011 to September 30, 2012, covered members of the TRS were required by statute to contribute 7.25% of earnable compensation. Effective October 1, 2012, covered Tier 1 members of the TRS are required by statute to contribute 7.50% of earnable compensation. Certified law enforcement, correctional officers, and firefighters of the TRS contributed 6% of earnable compensation as required by statute until September 30, 2011. From October 1, 2011 to September 30, 2012, certified law enforcement, correctional officers, and firefighters of the TRS were required by statute to contribute 8.25% of earnable compensation. Effective October 1, 2012, certified law enforcement, correctional officers, and firefighters of the TRS are required by statute to contribute 8.50% of earnable compensation.

Tier 2 covered members of the TRS contribute 6% of earnable compensation to the TRS as required by statute. Tier 2 certified law enforcement, correctional officers, and firefighters of the TRS are required by statute to contribute 7% of earnable compensation.

Participating employers' contractually required contribution rates were 12.43% of annual pay for Tier 1 members and 11.34% of annual pay for Tier 2 members. These required contribution rates are a percent of annual payroll, actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the University were \$21,413,000 and \$22,481,000 for the years ended September 30, 2020 and 2019, respectively.

(d) Pension Liabilities, Pension Expenses, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2020 and 2019, the University reported a liability of \$294,615,000 and \$282,739,000, respectively, for its proportionate share of the collective net pension liability. At September 30, 2020, the collective net pension liability was measured as of September 30, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2018. The University's proportion of the collective net pension liability is based on the employer's shares of contributions to the pension plan relative to the total employer contributions of all participating TRS employers. At the measurement date of September 30, 2019, the University's proportion of contributions to the pension plan was 2.664536%, which was a decrease of 0.179184% from its proportion measured as of September 30, 2018 of 2.843720%.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

For the years ended September 30, 2020 and 2019, the University recognized pension expense of approximately \$17,629,000 and \$9,902,000, respectively, which is included in salaries and benefits on the statements of revenues, expenses, and changes in net position.

At September 30, 2020 and 2019, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

| | 2020 | |
|---|---|--|
| | Deferred outflows of resources | Deferred inflows of resources |
| Net difference between projected and actual earnings on pension plan investments | \$ 10,259 | — |
| Changes of assumptions | 9,077 | — |
| Differences between expected and actual experience | 4,356 | 9,771 |
| Changes in proportion and differences between employer contributions and proportionate share of contributions | — | 32,016 |
| Employer contributions subsequent to measurement date | 21,413 | — |
| | \$ 45,105 | 41,787 |
| | 2019 | |
| | Deferred outflows of resources | Deferred inflows of resources |
| Net difference between projected and actual earnings on pension plan investments | \$ — | 21,342 |
| Changes of assumptions | 15,716 | — |
| Differences between expected and actual experience | 6,101 | 8,613 |
| Changes in proportion and differences between employer contributions and proportionate share of contributions | — | 27,369 |
| Employer contributions subsequent to measurement date | 22,481 | — |
| | \$ 44,298 | 57,324 |

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

At September 30, 2020, approximately \$21,413,000 reported as deferred outflows of resources related to pensions resulting from University contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending September 30, 2021. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows (in thousands):

| Year ending September 30: | | |
|---------------------------|----|----------|
| 2021 | \$ | (10,114) |
| 2022 | | (8,176) |
| 2023 | | (1,485) |
| 2024 | | 2,156 |
| 2025 | | (476) |
| | | (18,095) |
| | \$ | (18,095) |

(e) Actuarial Assumptions

The total pension liability as of September 30, 2020 and 2019 was determined by an actuarial valuation as of September 30, 2018 and 2017, using the following actuarial assumptions, applied to all periods included in the measurement:

| | 2020 | 2019 |
|----------------------------|-----------|-----------|
| Inflation | 2.75 % | 2.75 % |
| Investment rate of return* | 7.70 | 7.70 |
| Projected salary increases | 3.25-5.00 | 3.25-5.00 |

* Net of pension plan investment expense

The actuarial assumptions used in the September 30, 2018 valuation were based on the results of an actuarial experience study for the period October 1, 2010 through September 30, 2015. Mortality rates for TRS were based on the RP-2000 White Collar Mortality Table projected to 2020 using Scale BB and adjusted 115% for all ages for males and 112% for ages 78 and over for females.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

inflation. The target asset allocation and best estimates of geometric real rates of return for each major asset class are as follows:

| | 2020 | |
|---------------------------------------|------------------------------|---|
| | Target allocation | Long-term expected rate of return* |
| Fixed income | 17.0 % | 4.4 % |
| U.S. large stocks | 32.0 | 8.0 |
| U.S. mid stocks | 9.0 | 10.0 |
| U.S. small stocks | 4.0 | 11.0 |
| International developed market stocks | 12.0 | 9.5 |
| International emerging market stocks | 3.0 | 11.0 |
| Alternatives | 10.0 | 10.1 |
| Real estate | 10.0 | 7.5 |
| Cash equivalents | 3.0 | 1.5 |
| | <u>100.0 %</u> | |

* Includes assumed rate of inflation of 2.5%

(f) Discount Rate

The discount rate used to measure the total pension liability as of both September 30, 2020 and 2019 was 7.70%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

(g) Sensitivity of the University's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the University's proportionate share of the net pension liability calculated using the discount rate of 7.70%, as well as what the University's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.70%) or 1-percentage point higher (8.70%) than the current rate (in thousands):

| | 2020 | | |
|--|------------------------|-------------------------|------------------------|
| | 1% Decrease (6.70)% | Current rate (7.70)% | 1% Increase (8.70)% |
| University's proportionate share of collective net pension liability | \$ 399,958 | 294,615 | 205,471 |

(h) Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued RSA Comprehensive Annual Report for the fiscal year ended September 30, 2019 as well as prior year reports. The supporting actuarial information is included in the GASB Statement No. 67 Report for the TRS prepared as of September 30, 2019. The auditors' report dated August 18, 2020 on the total pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense for the sum of all participating entities as of September 30, 2019 along with supporting schedules is also available. The additional financial and actuarial information is available at www.rsa-al.gov.

(12) Other Employee Benefits

(a) Other Pension Plans

Certain employees of the University also participate in a defined contribution pension plan. The defined contribution pension plan covers certain academic and administrative employees, and participation by eligible employees is optional. The plan is administered by the University and the plan assets are held in annuity contracts and custodial accounts. The annuity contracts are with, and the custodial account assets are invested through investment options offered by, Teachers Insurance and Annuity Association – College Retirement Equities Fund (TIAA-CREF) and Variable Annuity Life Insurance Company (VALIC). Under this plan, contributions by eligible employees are matched equally by the University up to a maximum of 3% of current annual pay. The University contributed \$462,000 and \$506,000 in 2020 and 2019, respectively, representing 197 and 215 employees for 2020 and 2019, respectively, participating in this Plan.

All employees of HCM working at least half time are eligible to participate in a defined contribution pension plan. The plan is administered by HCM and the plan assets are held in annuity contracts and custodial accounts. The annuity contracts are with, and the custodial account assets are invested through investment options offered by, TIAA-CREF and VALIC. Under this plan, contributions by eligible employees are matched equally by HCM up to a maximum of 5% of current annual pay. HCM contributed \$5,544,000 and \$4,916,000 in 2020 and 2019, respectively, representing 1,436 and 1,403

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

employees, respectively, participating in this plan. University employees as of September 30, 2010, who later transfer to HCM, are immediately vested in the plan. All other employees do not vest until they have held employment with HCM for thirty-six months; at which time they become 100% vested in the plan.

(b) *Compensated Absences*

Regular University employees accumulate vacation and sick leave and hospital and clinical employees accumulate paid time off. These are subject to maximum limitations, at varying rates depending upon their employee classification and length of service. Upon separation of employment, employees who were hired before January 1, 2012 are paid all unused accrued vacation at their regular rate of pay up to a maximum of two times their annual accumulation rate. Employees hired after January 1, 2012 are not eligible for payment of unused accrued vacation or PTO hours upon separation of employment. The accompanying statements of net position include accruals for vacation pay and paid time off of approximately \$12,962,000 and \$12,866,000 at September 30, 2020 and 2019, respectively. The accrual is included in other long-term liabilities (and current portion thereof) in the accompanying financial statements. No accrual is recognized for sick leave benefits since no terminal cash benefit is available to employees for accumulated sick leave.

(13) Other Postemployment Benefit Plans

Retirees of the University are covered by the Public Education Employees Health Insurance Plan (PEEHIP), which is a cost sharing multiple-employer defined benefit OPEB plan administered by the TRS.

(a) *Plan Description*

The Alabama Retiree Health Care Funding Act of 2007 authorized and directed the Public Education Employees Health Insurance Board (Board) to create an irrevocable trust to fund postemployment healthcare benefits to retirees participating in PEEHIP. Active and retiree health insurance benefits are paid through the PEEHIP. The PEEHIP was established in 1983 pursuant to the provisions of the Code of Alabama 1975, Title 16, Chapter 25A to provide a uniform plan of health insurance for active and retired employees of state and local educational institutions and to fund benefits related to the plan. The responsibility for the general administration and operation of the PEEHIP is vested in its Board, which consists of 15 trustees. Title 16-Chapter 25 of the code of Alabama grants the authority to establish and amend the benefit terms to the PEEHIP Board. Effective for the year ended September 30, 2018, GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, requires the reporting of the net OPEB liability and the OPEB expense in the financial statements as well as enhanced financial statements note disclosures.

(b) *Benefits Provided*

PEEHIP offers a basic hospital medical plan to active members and non-Medicare eligible retirees or active employees and non-Medicare eligible retirees who do not have Medicare eligible dependents can enroll in a health maintenance organization (HMO). In addition to or in lieu of the basic hospital medical plan or HMO, the PEEHIP offers four optional plans: Hospital Indemnity, Cancer, Dental, and Vision. Also, PEEHIP members (only active and non-Medicare eligible) may elect the Supplemental Plan as their hospital medical coverage instead of the PEEHIP Hospital Medical Plan. This

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

Supplemental Plan provides secondary benefits to the member's primary plan provided by another employer.

Effective January 1, 2017, Medicare eligible members and Medicare eligible dependents who are covered on a retiree contract were enrolled in the United Healthcare Group Medicare Advantage plan for PEEHIP retirees. The Medicare Advantage Prescription Drug (MAPD) plan is fully insured by United Healthcare and members are able to have all of their Medicare Part A, Part B, and Part D in one convenient plan.

(c) Contributions

The employer contribution to the health insurance premium is set forth by the Board annually.

Total employer contributions to the OPEB plan from the University were \$7,947,000 and \$7,772,000 for the years ended September 30, 2020 and 2019, respectively.

(d) OPEB Liabilities, OPEB Expenses, Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At September 30, 2020 and 2019, the University reported a liability of \$103,288,000 and \$259,418,000, respectively, for its proportionate share of the net OPEB liability. At September 30, 2020, the net OPEB liability was measured as of September 30, 2019 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of September 30, 2018. The University's proportion of the net OPEB liability was based on a projection of the University's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined. At the measurement date of September 30, 2019, the University's proportion of contributions to the OPEB plan was 2.737717%, which was a decrease of 0.418703% from its proportion measured as of September 30, 2018 of 3.156420%.

For the years ended September 30, 2020 and 2019, the University recognized OPEB expense of approximately \$(11,830,000) and \$18,634,000, respectively, which is included in salaries and benefits on the statements of revenues, expenses, and changes in net position.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

At September 30, 2020 and 2019, the University reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (in thousands):

| | 2020 | |
|---|---|--|
| | Deferred outflows of resources | Deferred inflows of resources |
| Net difference between projected and actual earnings on OPEB plan investments | \$ 213 | — |
| Differences between expected and actual experience | 3,420 | 79,197 |
| Changes of assumptions | 4,938 | 42,782 |
| Changes in proportion and differences between employer contributions and proportionate share of contributions | 20,208 | 46,198 |
| Employer contributions subsequent to the measurement date | 7,947 | — |
| | \$ 36,726 | 168,177 |
| | | |
| | 2019 | |
| | Deferred outflows of resources | Deferred inflows of resources |
| Net difference between projected and actual earnings on OPEB plan investments | \$ — | 1,390 |
| Differences between expected and actual experience | 4,884 | — |
| Changes of assumptions | — | 12,636 |
| Changes in proportion and differences between employer contributions and proportionate share of contributions | 26,465 | 20,208 |
| Employer contributions subsequent to the measurement date | 7,772 | — |
| | \$ 39,121 | 34,234 |

At September 30, 2020, approximately \$7,947,000 reported as deferred outflows of resources related to OPEB resulting from University contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended September 30, 2021. Other

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

amounts reported as deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows (in thousands):

| Year ending September 30: | | |
|---------------------------|-----------|------------------|
| 2021 | \$ | (26,638) |
| 2022 | | (26,638) |
| 2023 | | (26,638) |
| 2024 | | (27,978) |
| 2025 | | (27,212) |
| Thereafter | | (4,294) |
| | <u>\$</u> | <u>(139,398)</u> |

(e) Actuarial Assumptions

The total OPEB liability as of September 30, 2020 and 2019 was determined by an actuarial valuation performed as of September 30, 2018 and 2017, respectively, using the following actuarial assumptions, applied to all periods included in the measurement:

| | 2020 | 2019 |
|---|-------------|-------------|
| Inflation | 2.75 % | 2.75 % |
| Projected salary increases* | 3.25%-5.00% | 3.25%-5.00% |
| Long-term investment rate of return** | 7.25 % | 7.25 % |
| Municipal bond index rate at the measurement date | 3.00 | 4.18 |
| Municipal bond index rate at the prior measurement date | 4.18 | 3.57 |
| Projected year for fiduciary net position to be depleted | 2055 | 2029 |
| Single equivalent interest rate at the measurement date | 5.50 % | 4.44 % |
| Single equivalent interest rate at the prior measurement date | 4.44 | 4.63 |
| Healthcare cost trend rate | | |
| Pre-medicare eligible | 6.75 % | 7.00 % |
| Medicare eligible | *** | 5.00 |
| Ultimate trend rate | | |
| Pre-medicare eligible | 4.75 % | 4.75 % |
| Medicare eligible | 4.75 | 4.75 |
| Year of ultimate trend rate | | |
| Pre-medicare eligible | 2026 | 2026 |
| Medicare eligible | 2024 | 2024 |

* Includes 3% wage inflation

** Compounded annually, net of investment expense, and includes inflation

*** Initial medicare claims are set based on scheduled increases through plan year 2022

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

Rates of mortality for the period after service retirement are according to the RP-2000 White Collar Mortality Table projected to 2020 using scale BB and adjusted 115% for all ages for males and 112% for ages 78 and over for females. The rates of disabled mortality were based on the RP-2000 Disabled Mortality Table projected to 2020 using scale BB and adjusted 105% for males and 120% for females.

The decremental assumptions used in the valuation were selected based on the actuarial experience study prepared as of September 30, 2015, submitted to and adopted by the TRS on September 13, 2016. The remaining actuarial assumptions (e.g. initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the September 30, 2018 valuation, however updated Medicare Advance Premium rates which reflect the repeal of the ACA Health Insurer Fee, updated Optionals claims costs, and updated participation assumptions were used in this report.

The long-term expected rate of return on the OPEB plan investments is determined based on the allocation of assets by asset class and by the mean and variance of real returns.

The target asset allocation and best estimates of expected geometric real rates of return for each major asset class are summarized in the following table:

| | 2020 | |
|---------------------------------------|------------------------------|--|
| | Target allocation | Long-term expected real rate of return* |
| Fixed income | 30 % | 4.40 % |
| U.S. large stocks | 38 | 8.00 |
| U.S. mid stocks | 8 | 10.00 |
| U.S. small stocks | 4 | 11.00 |
| International developed market stocks | 15 | 9.50 |
| Cash | 5 | 1.50 |
| | 100 % | |

* Geometric mean, includes 2.5% inflation

(f) Discount Rate

The discount rate used to measure the total OPEB liability at September 30, 2019 and 2018 was 5.50% and 4.44%, respectively. The projection of cash flows used to determine the discount rate assumed that plan contributions will be made at the current contribution rates. Each year, the State specifies the monthly employer rate that participating employers must contribute for each active employee. Approximately 24.245% of the employer contributions were used to assist in funding retiree benefit payments in 2019 and it is assumed that amount will increase by 1.00% per year. The discount rate determination will use a municipal bond rate to the extent the trust is projected to run out of money before all benefits are paid. The rate used for this purpose is the monthly average of the Bond Buyers General Obligation 20-year Municipal Bond Index Rate. Therefore, the projected future benefit

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

payments for all current plan members were projected through 2117. The long-term rate of return is used until the assets are expected to be depleted in 2055, after which the municipal bond rate is used.

(g) Sensitivity of the University's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rates and Discount Rates

The following table presents the University's proportionate share of the net OPEB liability calculated using the health care cost trend rate of 4.75%, as well as what the net OPEB liability would be if calculated using 1-percentage point lower 3.75% or 1-percentage point higher 5.75% than the current rate (in thousands):

| | 2020 | | |
|---|--------------------------------|---------------------------------|--------------------------------|
| | 1% Decrease (3.75)% | Current rate (4.75)% | 1% Increase (5.75)% |
| University's proportionate share of collective net OPEB liability | \$ 82,818 | 103,288 | 129,068 |

The following table presents the University's proportionate share of the net OPEB liability calculated using the discount rate of 5.50%, as well as what the net OPEB liability would be if calculated using 1-percentage point lower 4.50% or 1-percentage point higher 6.50% than the current rate (in thousands):

| | 2020 | | |
|---|--------------------------------|---------------------------------|--------------------------------|
| | 1% Decrease (4.50)% | Current rate (5.50)% | 1% Increase (6.50)% |
| University's proportionate share of collective net OPEB liability | \$ 124,847 | 103,288 | 85,681 |

(h) OPEB Plan Fiduciary Net Position

Detailed information about the OPEB plan's fiduciary net position is available in the Alabama Retired Education Employees' Health Care Trust's financial statements for the fiscal year ended September 30, 2019 and 2018. The supporting actuarial information is included in the GASB Statement No. 74 Report for PEEHIP prepared as of September 30, 2019 and 2018. Additional financial and actuarial information is available at www.rsa-al.gov.

(14) Risk Management

The University, HCM, SAMSF and HCA participate in the PLTF and the University, HCM, SAMSF, the Corporation and HCA participate in the GLTF. An independent trustee administers both funds. These trust funds are revocable and use contributions by the University and HCA, together with earnings thereon, to pay liabilities arising from the performance of its employees, trustees and other individuals acting on behalf of the University. Any risk related to the payment of claims is the responsibility of the PLTF and GLTF. If

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

the trust funds are ever terminated, appropriate provision for payment of related claims will be made and any remaining balance may be distributed to the participating entities in proportion to contributions made.

As discussed in note 1, the PLTF and GLTF are blended component units of the University, and as such are included in the financial statements of the University for the years ended September 30, 2020 and 2019. Claims and expenses are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Those losses include an estimate of claims that have been incurred but not reported and the future costs of handling claims. These liabilities are generally based on actuarial valuations and are reported at their present value.

The University, HCM and HCA each participate in a separate self-insured health plan administered by unaffiliated entities. Administrative fees paid by the University for such services were approximately \$2,560,000 and \$2,287,000 in 2020 and 2019, respectively. Contributions by the University and its employees, together with earnings thereon, are used to pay liabilities arising from healthcare claims. It is the opinion of University administration that plan assets are sufficient to meet future plan obligations.

The changes in the total self-insurance liabilities for the years ended September 30, 2020 and 2019 for the PLTF, GLTF and health plan are summarized as follows (in thousands):

| | 2020 | 2019 |
|---|-------------|-------------|
| Balance, beginning of year | \$ 39,400 | 40,405 |
| Liabilities incurred and other additions | 101,204 | 80,930 |
| Claims, administrative fees paid and other reductions | (100,609) | (81,935) |
| Balance, end of year | \$ 39,995 | 39,400 |

These amounts are included in other long-term liabilities (and current portion thereof) and in accounts payable and accrued liabilities in the accompanying statements of net position.

(15) Other Related Parties and Related-Party Transactions

SAMSF is a not-for-profit corporation that exists for the purpose of promoting education and research at the University. At September 30, 2020, SAMSF had total assets of \$10,244,000, net assets of \$9,097,000, and total revenues of \$1,148,000 for the year then ended. At September 30, 2019, SAMSF had total assets of \$10,632,000, net assets of \$9,403,000, and total revenues of \$1,806,000 for the year then ended. SAMSF reimburses the University for certain administrative expenses and other related support services. Total amounts received for such expenses were approximately \$412,000 in 2019, and are reflected as private grants and contracts in the accompanying 2019 statements of revenues, expenses, and changes in net position. No such amounts were received for such expenses in 2020.

(16) Commitments and Contingencies

(a) Grants and Contracts

At September 30, 2020 and 2019, the University had been awarded approximately \$53,257,000 and \$36,381,000, respectively, in grants and contracts for which resources had not been received and for

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

which reimbursable expenditures had not been made for the purposes specified. These awards, which represent commitments of sponsors to provide funds for research or training projects, have not been reflected in the accompanying basic financial statements, as the eligibility requirements of the awards have not been met. Advances are included in unrecognized revenues, and include amounts received from grant and contract sponsors which have not been expended under the terms of the agreements and, therefore, have not yet been included in revenues in the accompanying basic financial statements. Federal awards are subject to audit by federal agencies. The University's management believes any potential adjustment from such audits will not be material.

(b) Letter of Credit

In connection with USA Health's participation in the State of Alabama Medicaid Program, the University had established a \$55,382 irrevocable standby letter of credit with Wells Fargo. The Alabama Medicaid Agency was the beneficiary of this letter of credit. No funds were advanced under this letter during the years ended September 30, 2020 and 2019. This letter of credit terminated on December 31, 2019 and was not renewed.

(c) Litigation

Various claims have been filed against the University alleging discriminatory employment practices and other matters. University administration and legal counsel are of the opinion the resolution of these matters will not have a material effect on the financial position or the statements of revenues, expenses, and changes in net position of the University.

(d) Rent Supplement Agreements

The University has entered into two irrevocable rent supplement agreements with the Corporation and a financial institution. The agreements require that, in the event the Corporation fails to maintain a debt service coverage ratio of one to one with respect to all of its outstanding indebtedness, the University will pay to the Corporation any and all rent amounts necessary to cause the Corporation's net operating income to be equal to the Corporation's annual debt service obligations (see note 6). As of September 30, 2020 and 2019, no amounts were payable pursuant to these agreements.

(e) USA Research and Technology Corporation Leases

The Corporation leases space in Building I to five tenants under operating leases. One lease has a 5-year initial term expiring in October 2023 with two 5 year renewal options. The second lease has a 5-year term expiring in April 2024 with no renewal option. The third lease has a 5-year term expiring in July 2024 with no renewal option. The fourth lease has a 5-year initial term expiring in August 2024 with one 5-year renewal option. The fifth lease has a 90-month initial term expiring in June 2025 with two 5-year renewal options.

Space in Buildings II and III is leased under operating leases to the University and various other tenants. The leases have remaining terms varying from month to month to seven years.

The Corporation leases from the University the third floor of a campus building. Located on that floor is the Coastal Innovation Hub (the Hub), a technology incubator, which currently houses seven tenants with month to month leases.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

Under leases for Buildings I, II, and III, the Corporation must pay all operating expenses of the buildings, including utilities, janitorial, maintenance, and insurance. Tenants will reimburse the Corporation for such expenses only as the total expenses for a year increase over the total expenses for the base year of the lease (which generally is the first calendar year of the lease term). Under Hub leases, the Corporation must pay all operating expenses of the space, without reimbursement from tenants.

Space under lease to the University was 64,385 and 63,965 square feet at September 30, 2020 and 2019, respectively.

The Corporation owns a building located on the premises of the USA University Hospital, which is leased to a single tenant. The Corporation paid for construction of the building shell and land improvements while the tenant paid for the cost of finishing the building's interior. The lease had a 10 year initial term, expiring in March 2020, with three 5 year renewal options. The lease was renewed for an additional 5 years, expiring in March 2025, with two 5-year renewal options. Under the lease, the tenant must also pay for utilities, taxes, insurance, and interior repairs and maintenance. The Corporation is responsible for repairs and maintenance to the exterior and HVAC system.

The Corporation, as lessor, had three ground leases in place at September 30, 2020. One lease is for a 40 year initial term expiring in October 2046 with 20 year, and 15 year renewal options. The second lease is for a 30 year initial term expiring in October 2036 with four 5 year renewal options. The third lease has a 38.5 year initial term expiring in September 2046 with 20 year and 15 year renewal options.

Minimum future rentals by fiscal year are as follows (in thousands):

| | | |
|-----------|----|----------------------|
| 2021 | \$ | 3,343 |
| 2022 | | 3,067 |
| 2023 | | 2,006 |
| 2024 | | 1,596 |
| 2025 | | 809 |
| 2026–2048 | | <u>6,284</u> |
| Total | \$ | <u><u>17,105</u></u> |

(19) Recently Issued Accounting Pronouncements

The GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, in May 2020. Statement 95 is effective immediately to provide temporary relief in light of the COVID-19 pandemic by postponing the effective dates of certain provisions of other GASB statements that are effective or scheduled to become effective for periods beginning after June 15, 2018. The effective date of the statements noted below have been adjusted to reflect the postponed effective date as allowed by Statement 95.

The GASB issued Statement No. 84, *Fiduciary Activities*, in January 2017. This statement will be effective for the University beginning with the fiscal year ending September 30, 2021. Statement 84 addresses the criteria for identifying fiduciary activities of all state and local governments.

In June 2017, the GASB issued Statement No. 87, *Leases*, which will be effective for the University beginning with the fiscal year ending September 30, 2022. This statement establishes a single model for lease accounting whereby certain leases that were previously classified as operating leases will now be reported on the statements of net position.

In June 2018, the GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, which will be effective beginning with fiscal year September 30, 2022. This statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus.

GASB Statement No. 90, *Majority Equity Interests*, was issued in August 2018. Effective for the University beginning with the fiscal year ending September 30, 2021, this statement specifies that a majority equity interest in a legally separate organization should be reported as an investment using the equity method, with certain exceptions, if a government holding of the equity interest meets the definition of an investment.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

In May 2019, the GASB issued Statement No. 91, *Conduit Debt Obligations*, which will be effective beginning with the fiscal year ending September 30, 2023. The objective of this statement is to clarify the definition of conduit debt obligations, establish that conduit debt is not a liability of the issuer, establish standards for reporting additional commitments and voluntary commitments extended by issuers and improve note disclosures.

In January 2020, the GASB issued Statement No. 92, *Omnibus 2020*. Effective for the fiscal year ending September 30, 2022, this statement adds clarifying language and implementation guidance for statements 73, 74, 84 and 87.

In March 2020, the GASB issued statement No. 93, *Replacement of Interbank Offered Rates* and Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*.

In May 2020, the GASB issued Statement No. 96, *Subscription Based Information Technology Arrangements* and Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Plans Deferred Compensation Plans – An Amendment of GASB Statements No. 14 and No. 84, and a Supersession of GASB Statement No. 32*.

The effect of the implementation of GASB Statement Nos. 84, 87, 89, 90, 91, 92, 96 and 97 on the University has not yet been determined. Statements 93 and 94 will not impact the University.

(20) COVID-19 Pandemic

COVID-19, a respiratory disease caused by a novel strain of the coronavirus, has spread around the world, including the State of Alabama. The Centers for Disease Control confirmed the spread of the disease to the United States in February 2020 and the World Health Organization declared the COVID-19 outbreak a pandemic in March 2020.

As a result of the pandemic, most higher education institutions, including the University, moved the delivery of all instruction to an on-line format in March 2020 and required that students, where possible, vacate on-campus residence halls. This had an adverse effect on the operations of the University due to the pro-rata refund of housing and dining fees and incremental costs incurred as a result of having to convert all instruction to an on-line format. All instruction for the May and summer terms was delivered online and residence halls remained largely closed. While the University returned to a modified in-person delivery of education for the fall semester, residence halls reopened at a lower occupancy level. Management is unable to predict the future impact of the pandemic on the University's operations.

Government orders suspending elective surgical procedures have had an adverse effect on the operations of healthcare providers, including USA Health, primarily due to reduction in overall patient volumes. While patient volumes and revenues have experienced gradual improvement beginning in July 2020 and continuing through the end of the current fiscal year, management is unable to predict the future impact of the pandemic on the USA Health's operations.

(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2020 and 2019

The Federal Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27, 2020 and is designed to provide economic relief to Higher Education Institutions and other entities for a number of situations including the provision of direct financial support for students in need, reimbursement for the costs incurred as a result of moving instruction online, to provide relief funds for healthcare providers for purposes of covering costs incurred and lost revenues due to the pandemic. As of September 30, 2020, the University (including USA Health) has been awarded \$31,437,000 in CARES Act, and other funding from federal and state sources for COVID-19 relief. Of this amount, \$14,919,000 has been recognized as nonoperating revenue in the statement of revenues, expenses and changes in net position for the year ended September 30, 2020.

As noted, a portion of Cares Act funding has been designated to the health care providers for purposes of covering costs incurred and lost revenues due to the pandemic. Subsequent to the passage of this legislation, the Department of Health and Human Services (HHS) has issued additional pronouncements which provides guidance on how healthcare providers can apply, receive and recognize this funding, certain provisions of which have been reversed/significantly modified in succeeding guidance. USA Health has received approximately \$11,838,000 in CARES Act funding as of September 30, 2020 in both general and targeted distributions. Such funding is accounted for in accordance with GASB Statement No. 33, *Accounting and Financial Reporting for Exchange Transactions*, and will be recognized in the statement of revenue, expenses and changes in net position as nonoperating revenue once the applicable terms and conditions have been met. The amounts recognized in the statement of revenues, expenses and changes in net position are conditioned upon the provision of care for individuals with possible or actual cases of COVID-19 after January 31, 2020, certification that the payment will be used to prevent, prepare for and respond to coronavirus, and shall reimburse the recipient only for healthcare related expenses or lost revenues that are attributable to coronavirus. Given the complexity of the guidance provided to date and the nature, timing and volume of changes in such guidance both prior to and subsequent to September 30, 2020, USA Health does not believe that the underlying conditions have been met as of September 30, 2020 which would allow for recognition in the statement of revenues, expenses and changes in net position. As such, amounts are recorded as unrecognized revenues in the accompanying 2020 statement of net position.

Additionally, as part of the CARES Act, the Centers for Medicare and Medicaid Services (CMS) expanded the existing Accelerated and Advance Payments Program (MAAPS) to a broader group of healthcare providers. Accelerated or advance payments under the MAPPs program is intended to provide necessary funds when there is a disruption in claims submissions and processing for a healthcare provider. CMS can also offer these payments in circumstances such as a national emergency or natural disasters in order to accelerate cash flow to impacted healthcare providers. During the year ended September 30, 2020, USA Health received accelerated payments under this program of approximately \$35,156,000. These advances must be repaid and, as such, they are reflected as unrecognized revenues in the accompanying 2020 statement of net position.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Basic Financial Statements
September 30, 2020 and 2019

The University's (including USA Health's) pandemic response plan has multiple facets and continues to evolve as the pandemic unfolds. Management has taken precautionary steps to enhance operational and financial flexibility and to react to the risks the COVID-19 pandemic presents to operations, including the following:

- Established a campus wide contact tracing office to minimize the spread of the virus and therefore minimizing the financial impact on the University.
- Established a campus-wide campus reopening committee to address COVID issues related to the reopening of campus, including the return of employees and students to an in-person environment.
- As part of campus reopening, the student housing model was revised to provide a safer environment for residential students. This was accomplished by increasing the number of single occupant rooms and creating a quarantine facility within housing for students that become COVID positive.
- Implemented a temporary 4.50% pay reduction in lieu of a one-day per month unpaid furlough for most campus employees from May through August. This unpaid furlough plan ultimately ended and funds were returned to employees due to positive financial results for the University.
- Proactively permanently eliminated certain positions, mostly unfilled, in academic and administrative areas.

Management believes the extent of the COVID-19 pandemic's adverse impact on operating results and financial condition has been and will continue to be driven by many factors, most of which are beyond the University's control and ability to forecast. Such factors include, but are not limited to, the scope and duration of stay-at-home practices and business closures and restrictions, government-imposed or recommended suspensions of elective procedures, continued declines in patient volumes for indeterminable length of time, incremental expenses required for supplies and personal protective equipment, and changes in professional and general liability exposures. The potential for a negative impact on University enrollment is also uncertain. Because of these and other uncertainties, management cannot accurately estimate the length or severity of the impact of the pandemic on the University.

The University (including USA Health) received additional CARES Act funding subsequent to September 30, 2020 of approximately \$2,022,000.

On September 19, 2020, October 22, 2020, and November 2, 2020, HHS released *General and Targeted Distribution Post-Payment Notice of Reporting Requirements* related to the CARES Act PRF received by USA Health. This guidance describes the calculation of lost revenues to be reported due to the COVID-19 pandemic and the time period in which to measure and report such lost revenues and expenses. Specifically, the guidance designates calendar year 2020 as the period for measuring pandemic related costs and lost revenues as compared to the same period in 2019 with an additional six months extension through June 2021, if necessary. USA Health believes the conditions associated with the PRF exist until December 31, 2020 at which time USA Health can calculate the lost revenues to which it is entitled to claim under the grant and therefore no amounts have been recognized in the statement of revenues, expenses or changes in net position for the fiscal year ended September 30, 2020.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Required Supplementary Schedules (Unaudited)
September 30, 2020 and 2019

(1) Summary of Cost Sharing Pension Plan Provisions and Assumptions

Employees of the University of South Alabama are covered by a cost sharing multiple-employer defined benefit pension plan administered by the Teachers Retirement System (TRS) of the State of Alabama.

(a) Actuarial Assumptions

The total pension liability as of September 30, 2020 and 2019 was determined by an actuarial valuation as of September 30, 2018 and 2017, using the following actuarial assumptions, applied to all periods included in the measurement:

| | 2020 | 2019 |
|----------------------------|-----------|-----------|
| Inflation | 2.75 % | 2.75 % |
| Investment rate of return* | 7.70 | 7.70 |
| Projected salary increases | 3.25-5.00 | 3.25–5.00 |

* Net of pension plan investment expense

The actuarial assumptions used in the September 30, 2018 valuation were based on the results of an actuarial experience study for the period October 1, 2010 through September 30, 2015. Mortality rates for TRS were based on the RP-2000 White Collar Mortality Table projected to 2020 using Scale BB and adjusted 115% for all ages for males and 112% for ages 78 and over for females.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

(b) Discount Rate

The discount rate used to measure the total pension liability as of both September 30, 2020 and 2019 was 7.70%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)
Notes to Required Supplementary Schedules (Unaudited)
September 30, 2020 and 2019

(2) Summary of OPEB Plan Provisions and Assumptions

Retirees of the University of South Alabama are covered by the Public Education Employees Health Insurance Plan (PEEHIP), which is a cost sharing multiple-employer defined benefit OPEB plan administered by the Teachers Retirement System (TRS) of the State of Alabama.

(a) Changes in Actuarial Assumptions

In 2016, rates of withdrawal, retirement, disability, mortality, spouse coverage, and tobacco usage were adjusted to more closely reflect actual experience. In 2016, economic assumptions and the assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience. In 2016 and later, the expectation of retired life mortality was changed to the RP-2000 White Collar Mortality Table projected to 2020 using scale BB and adjusted 115% for all ages for males and 112% for ages 78 and over for females.

(b) Recent Plan Changes

Beginning in plan year 2021, the Medicaid Advantage Prescription Drug plan premium rates exclude the ACA Health Insurer Fee which was repealed on December 20, 2019.

Effective January 1, 2017, Medicare eligible medical and prescription drug benefits are provided through the Medicare Advantage Prescription Drug plan.

The Health Plan is changed each year to reflect the ACA maximum annual out-of-pocket amounts.

(A Component Unit of the State of Alabama)
Notes to Required Supplementary Schedules (Unaudited)
September 30, 2020 and 2019

(c) Method and Assumptions Used in Calculations of Actuarially Determined Contributions

The actuarially determined contribution rates in the schedule of employer contributions are calculated as of September 30, 2014, three years prior to the end of the fiscal year in which contributions are reported. The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule for the years ended September 30, 2020 and 2019:

| | <u>2020</u> | <u>2019</u> |
|-------------------------------|--|--|
| Actuarial cost method | Entry age normal | Entry age normal |
| Amortization method | Level percent of pay | Level percent of pay |
| Remaining amortization period | 25 years | 26 years |
| Asset valuation method | Market value of assets | Market value of assets |
| Inflation | 2.875% | 3.00% |
| Health care cost trend rate: | | |
| Pre-medicare eligible | 7.75% | 7.75% |
| Medicare eligible | 5.00% | 5.00% |
| Ultimate trend rate: | | |
| Pre-medicare eligible | 5.00% | 5.00% |
| Medicare eligible | 5.00% | 5.00% |
| Year of ultimate trend rate | 2022 for Pre-medicare eligible 2018 for Medicare eligible | 2021 for Pre-medicare eligible 2018 for Medicare eligible |
| Investment rate of return | 5.00%, including inflation | 5.00%, including inflation |
